U. R. R. STREET CAR DYNAMITED

ITALIANS DRIVE AUSTRIANS BACK

TWO SCORE ARRESTED; GUNS ARE FLOURISHED

Angered at Jeering Throng
Edward Kelly Shoots Twice;
Is Seized by Police Guard

ARMS ARE TAKEN
FROM U. R. R. MEN

Car Service in Mission Is
Resumed Under Protection
of Bluecoats; Riots Many

SAN FRANCISCO, Aug. 23.—While
there was a resumption of the rioting
in the Mission district this morning
in connection with the strike of the
platform men of the U. R. R., result-
ing in the arrest of two men, one of
them the leader of the guards im-

posed on the street of additional police
prevented any serious outbreak.
The first attempt to blow up a car
service, occurred this morning at
McAllister and Scott streets, caused
pandemonium among two
score passengers and one woman
fainted. The front trucks of the car
were lifted from the track by the
force of the explosion. Patrolman
Gustave Wellbecker was a passenger
on the car and saw the man whom
he claims placed the explosives on the
track. He gave chase and overtook
Joseph Pendergast, whom he booked
for disturbing the peace.

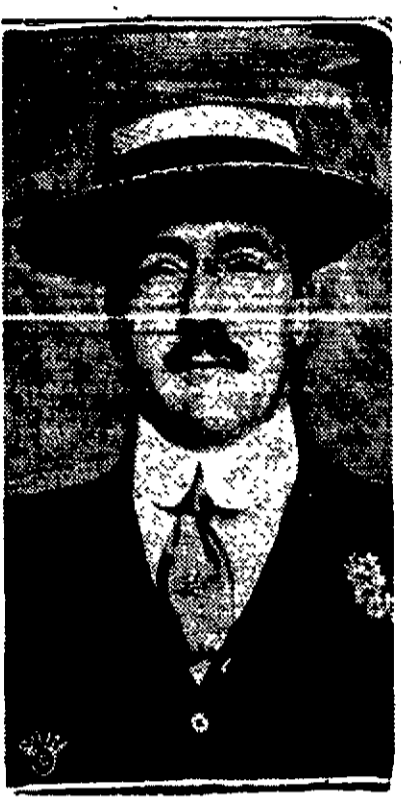

The police believe that the explo-
sives were dynamite caps. The car
was in-bound and was fairly well
crowded. There was no running, and
as the report of the explosion sound-
ed and the car trembled from end to
end a number of persons on the rear
platform jumped.

Shots were fired today from cover
in Golden Gate park and in the park
huddle adjoining the park and the
Presidio. There were three separate
instances of shooting. No arrests
were made.
More than 200 men participated in
a riot at Twenty-sixth and Bryant
streets, where street car loads of
strikebreakers became stalled through
a blocked switch. There were many
guards abroad and a pitched battle
with the mob followed. Two men
were badly hurt but were pulled back
on the cars. The police arrived too
late to see the disturbance and no
arrests were made.
Several cars were stoned at Six-
teenth and Howard streets near the
Labor Temple.

At the same time officials of the
United Railroads and representatives
of the city government were taking
steps to perfect the plan which would
either to the purchase or leasing by
the city of the system.
Meantime the union men were far
from idle. There were received by
President P. H. McCarthy of the
Building Trades Council, a number of
communications from the labor men protesting
against the employment of union car-
penters and plumbers in the construc-
tion of dormitories and soup kitchens
in the car barns for the strikebreak-
ers.

These are but preliminary steps in
a campaign for a sympathetic strike
of all the unions in the city in order
to force a settlement with the car
men. Following an announcement
yesterday that 25,000 workers in the
shipyards might walk out, this was
considered most significant.
The disturbances this morning cen-
tered about the Twenty-ninth street
car barns and Mission street.

JAMES W. GERARD, former
ambassador, whose life has been
threatened.

Threats Sent Gerard; Hotel Suite Guarded

CHICAGO, Aug. 23.—Detectives
were placed on guard around the
hotel suite occupied by

James W. Gerard, former American
ambassador to Germany, and posses-
sor of the most intimate secrets of the
Kaiser's autocratic court today, fol-
lowing a flood of threatening letters
received by the "man with the black
bag."

Despite the threats and despite the
attack of lumbago which laid him
low under the care of two physicians,
Gerard announced he will leave for
Milwaukee this afternoon for a speech
there. One of the letters read:
"Are you still pocketing a salary as
ambassador, you double-dyed political
traitor and thief? Thank God, I
don't have to be under the same roof
with such a lying snake tonight."

"Those letters do not worry me,"
said Gerard. "Surely they will not
stop me from going to Milwaukee. I
am going to speak in Milwaukee if I
have to be taken there on a
stretcher."

The detectives assigned from the
city force stopped and examined every
one who approached the suite occu-
pied by Gerard. Several of the threat-
ening letters were not made public.
Judge Gerard attacked pro-German
agitators in an interview yesterday.
He is on a speaking tour to explain
"Why we are at war with Germany."
The letter Gerard made public was
written on Blackstone Hotel station-
ery. Judge Gerard was asked a ques-
tion that has often been asked during
the past few weeks.

"Do you think it possible that the
people of the United States will ask
you to be a candidate for President?"
"I have no illusions," he answered.
"There are a lot of good men in the
United States. I am willing to do
anything my country wants me to do."

KAUFMAN TO ACT AS MEDIATOR?

Employees of Terminal Road
Looking Into Mexico Labor
Record of the Commissioner

Those Trying to Adjust the
Difficulties Unable to Agree
on Man, Both Sides Declare

Is George Kaufman, Mayor Davis's
civil service commissioner and adviser
in general, to be the "fifth man" in
the negotiations now under way be-
tween the car men's union and the
management of the San Francisco-
Oakland Terminal Railway Company?

While those concerned, including
Kaufman and the mayor, are inclined
toward the policy of silence, there are
many indications that Kaufman's
qualifications for the place that has
remained unfilled for these many days
are being made the subject of an in-
vestigation on the part of the em-
ployees who are not at all certain
as to his past record with regard to
his relation toward labor.

Kaufman, it is generally understood
by those to whom he has told it, was
prominently connected with the min-
ing operations in Mexico of the Gus-
taveh syndicate at one time, and it
is his labor attitude at that time that
he has been blamed for.

Those who are trying to arrive at
an adjustment of the difficulties be-
tween the employees and the man-
agement of the traction company have
been unable to agree on a man. This
both sides admit. Many have been
suggested, but none chosen is the
manner in which the employees rep-
resentatives voice their description of
the situation that has prevented the
arbitration agreement from reaching
its destination.

"We are still trying to get the fifth
man," say the representatives of the
company, "and have discussed lots of
names."

Silence as to the possibility of
Kaufman.

"I have nothing to say; ask the
employees or the company people,"
said Kaufman.

"It is a subject I do not care to dis-
cuss. Yes, several representatives of
the railway company called on me a
few days ago, but that is all I care
to say," said the mayor.

Distillation Of Wines to Be Prohibited

WASHINGTON, Aug. 23.—Dis-
tillation of grape and apple
"cheese" of the refuse from these
fruits, of sour wines and mol-
lasses and of such additional prod-
ucts as can be used as food for
"man or beast," will be prohibited
after September 8, Representative
Kahn of California was notified
today by Herbert C. Hoover.

The food administration and the
internal revenue bureau of the
treasury department will jointly
issue a prohibitory decree to this
effect. The ruling will result in
the stoppage of vast industries in
California.

CONSUL INSULTED

ODESSA, Aug. 23.—During a
manifestation here yesterday a mem-
ber of Bolsheviks attacked American
Consul Ray and knocked off his hat,
whereupon a number of hooligans
surrounded the consul and declared
they would shoot all who failed to
take off their hats in their presence.
The police intervened in defense of
the consul and the disturbers disap-
peared.

BIG ALLIED OFFENSIVE INFLECTS 100,000 LOSS

Teutons Are Unable
to Shake Canadian
Lens Grip

By William Philip Simms,
United Press Staff Correspondent.

WITH THE BRITISH ARMIES IN
THE FIELD, Aug. 23.—A few yards
was all that more than thirty suc-
cessive and desperately-waged Ger-
man counter-attacks throughout last
night could wrench from the Cana-
dians' grip around Lens. Today found
the Maple Leaf fighters still beating
back the picked Teuton troops and
still crawling, inch by inch, into the
city.

On the western skirt of Lens a new
advanced post was established and
firmly held today. It survived the
veritable storm of German counter-
thrusts.

In utter pitch darkness after mid-
night the Canadians attacked the pit
head, Fort St. Louis and mines adja-
cent, forging still closer to the center
of the French coal city.

At the time of cabling these gains
were still maintained.

100,000 ENEMY LOSS IN DEAD AND WOUNDED

PARIS, Aug. 23.—Prisoners in
France's great drive taken since Mon-
day were increased today to a total
of 84,249, according to the war office
statement.

Of these, 7640 were unwounded;
600 were hospital cases and there
were 136 officers. Other fruits of
the French victory were twenty-four
cannon and more than 200 machine
guns.

Among the German 600 prisoners
taken in the hollow recesses of Dead
Man's Hill, including Count Eu-
gene Bernstorff, the nephew of the
former German ambassador at Wash-
ington.

LONDON, Aug. 23.—Lens was still
the hottest point in the fighting on
the British front today, but despite
all resistance, the Canadians advanced
their circling lines slightly.

Field Marshal Haig's report said
the British advance was southeast of
the French coal city.

The allies' great offensive, unceasingly
boring ahead today, has already
cost the Germans and Austrians close
to 100,000 in dead and wounded and
at least 100,000 prisoners in the British,
French and Italian fronts.

But despite these staggering losses
and no let-up today in the deluge of
both shells and men against their lines
on the west and Italian fronts, Ger-
mans are starting an offensive of their
own against the Russian lines. A
drive has already gained ground on
the Riga front.

The important submarine base of
Zeebrugge and other military ob-
jects in Belgium were attacked
yesterday by British airmen, the Ad-
miralty announces.

FORTS CRUMPLE UNDER TERRIFIC FRENCH FIRE

By Henry Wood,
United Press Staff Correspondent.

WITH THE FRENCH ARMIES IN
THE FIELD, Aug. 23.—A new zenith
in destructiveness is being set today
by French artillery fire out of Ver-
dun. The hail of fire which French
guns have poured and still con-
tinue to pour against the Germans
today has far exceeded in its pulver-
izing damage to the enemy the un-
precedented horror of the great Ger-
man guns at Liege and Brussels, as
those "Bertha's" in the early
days of the war surpassed all pre-
vious artillery.

Fighting on All Fronts Nets Gains

BY ASSOCIATED PRESS
LEARNED WIRE TO TRIBUNE

Italy's great effort on the
Isonzo front is meeting with con-
tinued success, Rome reports of-
ficially, and her troops are pro-
ceeding toward realization of
their objectives. Further ground
has been gained on both the north
and south wings. Austrian counter
attacks of great severity are being
repulsed. The Austrian losses in
the first two days of the battle are
computed unofficially in Italy at
30,000.

The fighting on the Verdun
front is dying down. The French
objectives north of Verdun appar-
ently have been attained and ex-
cept for the capture by the French
of a small fortified position no in-
fantry actions in this sector are
reported. The number of prison-
ers has reached 7639. The French
also have captured twenty-four
cannon and more than 200 ma-
chine guns.

The Germans continued their
attacks on the Aisne front last
night, but met with no better for-
tune than yesterday. German
assaults near Laffaux Mill, Ailles
and Cerny were repulsed.

The Germans are continuing
vigorously and successfully their
new offensive on the extreme
northern end of the Russian
front. Notwithstanding the diffi-
culties of the ground over which
they are attacking, they have
made substantial gains along the
gulf of Riga. The official report
from Petrograd shows a Russian
withdrawal of about five miles
along the coast in the direction of
Alga. Berlin gives few details of
the fighting and it is not yet clear
whether the Germans have com-
mitted themselves to a sustained
offensive in the north.

Officials Fear New Upheaval In Petrograd

BY ASSOCIATED PRESS
LEARNED WIRE TO TRIBUNE

WASHINGTON, Aug. 23.—The
situation in Russia continued as the
center of war interest here today with
the mystery surrounding the nature
of official despatches the government
has received from Petrograd within
the last forty-eight hours still un-
solved.

Today's cryptic news despatches
from the Russian capital referring to
speculation in Petrograd and Moscow
newspapers concerning "expected
dramatic announcements of events"
and expressing the view of the press
that "if no agreement is reached be-
tween the contending groups open
conflict must follow" were taken to
support the unofficial interpretation
of the government's despatches. This
view relates to political conditions
within the provisional government
and probably undercurrents of Ger-
man intrigue working for the unseat-
ing of Premier Kerensky with either
a counter revolution seeking to re-
establish the autocracy or the break-
ing down altogether of the pro-
visional government and resulting
chaos.

Nevertheless, it is known that the
need of sending immediate and
adequate physical assistance to Rus-
sia has been urged upon the govern-
ment by all the members of the
American mission recently returned
from Petrograd. This has not applied
to the sending of troops, to which a
majority of the mission is opposed,
but to sending supplies and princi-
pally transport facilities.

WASHINGTON, Aug. 23.—While
German troops were hammering at
Russia's northern battle line in a new
drive on Riga, conferences were in
progress in Washington today which
were believed to forecast speedy as-
sistance to the new democracy.

LID ON LANDTAG

PETROGRAD, Aug. 23.—The situa-
tion in Finland is serious as a result
of the continued difficulty of form-
ing a cabinet and of the persistence
of the Socialists in their plan to re-
new sessions of the dissolved landtag
on August 23. According to the news-
papers, Premier Kerensky instructed
Governor Stakhovitch to prevent at
all costs a reopening of the landtag
and, if necessary, to surround the
building and compel the members to
disperse.

16,350 Prisoners Are Taken in Isonzo Battles

BY UNITED PRESS
LEARNED WIRE TO TRIBUNE

ROME, Aug. 23.—Italian forces
have captured 16,350 Austrians in
their sweeping advance, the official
statement announced today. Of these
350 were wounded.

The war office announced "new
successes on both southern and
northern wings, where strong posi-
tions were carried."

By John H. Hearley,
United Press Staff Correspondent.

WITH THE ITALIAN ARMIES IN
THE FIELD, Aug. 23.—A gun every
thirty yards over a front of thirty-
seven miles was the concentration of
Italian artillery achieved today at one
place in the great line where General
Cadorna's men pressed onward.

Approximately 2000 artillery pieces
of every conceivable caliber were un-
ceasingly active in this sector today.
Prisoners declared the fire had
silenced numerous Austrian batteries.
The enemy is retreating desperately,
but headquarters today detected signs
of wavering in the face of the in-
cessant Italian artillery fire and the
superb dash of the attacking infantry.

RETIREMENT OF RUSS FORCES REPORTED

BY ASSOCIATED PRESS
LEARNED WIRE TO TRIBUNE

PETROGRAD, Aug. 23.—The Rus-
sian forces on the northern end of the
front, where the Germans have begun
an offensive yesterday, retired under
pressure from the region of
Stargard and Kermern to the
Lakes Shlyshyn and Frankendorf
region. The official statement issued
today by the Russian War Depart-
ment announcing this withdrawal says
that the German artillery conducted
an intense fire in this sector.

HINDENBURG DIRECTS ATTACK IN NORTH

COPENHAGEN, Aug. 23.—Field
Marshal von Hindenburg, German
chief of staff, is reported in German
advices today to be directing per-
sonally the German offensive against
the Russians southeast of Riga.

Von Hindenburg went to the east-
ern front several days ago.
All the officers and men of the
First Regiment of the Polish Legion
have resigned in a body. The com-
mander has published an order ac-
cepting the resignations and sending
the regiment to Galicia to be dis-
banded. Austrian subjects in the
regiment will be placed at the dis-
position of the association military
authorities.

Teuton Airmen Raid Hospital Of Red Cross

ON THE FRENCH FRONT, Aug.
23.—Incendiary bombs, which were
dropped by two German aviators on
two hospitals behind Verdun on Sun-
day evening killed ten wounded men,
one woman nurse and nineteen trained
male nurses. They wounded forty-
nine male nurses and inflicted further
injuries on wounded soldiers just from
the battle, many of whom rushed
naked into nearby fields in an attempt
to find shelter from the bombs which
were being rained down.

Meanwhile the German aviators
circled about in the air for half an
hour, firing their machine guns at
hospital orderlies who were endeavor-
ing to extinguish the flames. The
nurses had just finished bandaging
180 wounded Germans who had been
brought direct from the battle field
and had gone to bed when the bombs
were dropped from a height of only
300 yards. The Red Cross signs were
painted prominently on the roofs and
the Germans knew the hospital had
been in operation for more than a
year.

The correspondent, after inspecting
the hospital, visited a camp at which
German prisoners were assembled. It
contained considerably more than six
thousand officers and men. The cor-
respondent was permitted to interro-
gate a number of prisoners, a number
of whom are 18 or 19 years of
age. They all declared themselves
contented at being out of the war.
On the way other smaller camps con-
taining hundreds of prisoners were
passed.

WAR PROFIT TAX FIGHT IN SENATE IS BITTER

Simmons Says Pro-German
Plot to Make Big Struggle
Unpopular Is Behind Move

TEST VOTE WILL
COME ON MEASURE

Income Feature to Be Settled
First, Then Excessive Tax
Will Be Attacked, Is the Plan

WASHINGTON, Aug. 23.—The
over the two-billion-dollar war
bill reached a stage of unpopu-
larity in the Senate this morn-
ing when Senator Simmons, in
charge of the bill, charged that
movement to force upward move-
ment of the war taxes had its
underlying motive.

Senator Simmons said that the
taxes, or \$250,000,000 more than the
finance committee's revenue
could return, was expected to bring
the first real test vote.

Once incomes have been disposed
of, the Senate will begin its raid
war profits—which fight promises
to be even more vigorous than the pre-
vious one.

AFTER INCOMES, WAR PROFIT TAX

Senator Simmons, in charge of the
tax bill, today said the "La Follette
amendment must be beaten." He ex-
pects a vote today. Upon the day
after tomorrow the Senate will de-
pend the fate of further amend-
ments. Passage of the provision will swing
increased numbers on the side of
those attacking war profits. Its de-
feat will check the coming charge on
corporate taxes.

As it is, the wealth-conscriptio
forces have added \$73,000,000 to the
income tax approved by the commit-
tee in adopting the Leinroet and
Gerry amendments yesterday. Re-
sponsibly, took friends of the com-
mittee bill entirely by surprise.

Opposition forces had this to say
today of the wealth-conscription
fight:

LEADERS EXPRESS OPINIONS OF FIGHT

Senator Johnson, California.—The
outlook is bully. This fight has gained
strength every minute since one or
two men with courage had the nerve
to force it. We stand a good show to
make the rich pay for the war.

Senator Chamberlain.—The logic of
those demanding wealth bear a fair
share of the tax burden is unassail-
able. There is great popular approval
of this movement.

Senator Lodge.—Why prate of jus-
tice and fairness if we are to treat
those who must obviously bear the
great share of the country's financial
burden with injustice?

Senator Smart.—I don't believe the
Senate will vote to commit the coun-
try to this war.

LINER IS DIVERED

BOSTON, Aug. 23.—The Leyland
liner Devonian has been sunk, ac-
cording to a cable received today
by the local agents of the line here.
She was westbound from Liverpool
to Boston and carried no passengers.
Details of the sinking are lacking, but
it is believed here she was torpedoed.
The Devonian was one of the as-
sociated companies in the Inter-

of 10,345 tons, built at Belfast in
1900 and registered at Liverpool. She
was 552 feet by 59 feet beam.

SLIGHTLY USED AND REBUILT CARS

—all the standard makes and models,
and at half price, even less.

There are men who always drive
next year's models. If they vanity
bids them sell a perfectly good auto
for a song—why should not you profit
by that?

So watch the "For Sale" columns
of THE TRIBUNE. They change
daily.

NEW GERMAN POLICIES ARE OUTLINED

MIGHT ALONE ATTACKED BY KUEHLMANN

AMSTERDAM, Aug. 23.—A policy based on might alone and not on right is doomed to failure from the beginning," was the interesting admission made by Dr. Richard von Kuehlmann, German Imperial foreign secretary, in his maiden speech to the main committee of the Reichstag yesterday. The secretary, according to a telegram from Berlin, dwelt on the tremendous responsibility in assuming office, "when the country is beset by the mightiest of enemies without and grave difficulties within."

Dr. von Kuehlmann laid down the following program:

"First, the maintenance of cordial relations with our allies, and, second, with the neutrals, whose rights and necessary conditions of existence we shall be most careful to respect as far as is compatible with enemy trickery and our own military needs."

"To arrest further defection of important neutrals is an extremely serious and important task confronting us," said Dr. von Kuehlmann.

"We can only solve it successfully by serving the principle that in politics might counts, but also right, and that only if we base our conduct on both can we hope to achieve lasting results. Furthermore, we still have relations with the belligerents, although, of course, official relations are severed. The currents of public opinion flow across the border line of the trenches."

Dr. von Kuehlmann eloquently emphasized the necessity of studying enemy psychology, so that "no soft

Slav Cabinet Fate in Balance Moscow Conference Will Decide

BY ASSOCIATED PRESS
LEARNED WIRE TO TRIBUNE

PETROGRAD, Aug. 23.—As the day approaches for the opening of the "extraordinary national council" in Moscow, the newspapers are full of speculation concerning expected dramatic announcements of events. Judging from present indications the congress is likely to take the form of a struggle of the cabinet, backed by the Socialist left, against the Bourgeoisie consisting of constitutional Democrats, discontented Moscow business men under their president, M. Riazanovskiy, and dismissed generals, who all agree in severely criticizing the present course and policy, demanding radical changes.

This view is taken by the Petrograd and Moscow press, which declare that if no agreement is reached between the contending groups, open conflict must follow. First steps already have been taken toward vigorous and aggressive action by the malcontents.

CONFERENCES HELD.

Among those who have arrived at Moscow were President Rodzianko of the Duma; A. J. Gushkoff, ex-president of the Duma; Professor Paul Miliukoff, former foreign minister; A. I. Shingareff, V. A. Maklakoff, also the former commander in chief of the Russian armies. Generals Alexieff and Brusiloff, who yesterday conferred with the leaders of the Moscow movement; M. Riazanovskiy, ex-Mayor of Petrograd, ex-Minister of Trade; A. I. Kononoff and Prince S. Troubetzkoy.

Conferences were held under the chairmanship of M. Rodzianko, at which the differences between the government and the Bourgeoisie were sharply emphasized, the only exception being made for Premier Kerensky, whom some of the speakers acclaim as capable of saving the country provided that he liberates himself from the control of the Socialists and the council of deputies. The press was excluded from the preliminary discussion and precautions were taken to prevent speeches being recorded. It was stated these concerned the reconstruction of the cabinet on the principle of strong power, the possibility of a military dictatorship and the necessity of presenting the cabinet with an ultimatum.

PETROGRAD DENOUNCED.

Prince Troubetzkoy, in a sharp speech, attacked the government, declaring the sacred revolution had fallen under the "coarse claws" of men who think only of plundering the national riches and of their own interests.

GERMAN TROOPS RESORT TO GRAFT

BY HENRY WOOD,
United Press Staff Correspondent.

WITH THE FRENCH ARMY, July 30 (By Mail).—A veritable scandal in the German army is revealed in official documents taken from recently captured prisoners, showing that the occasional munition crises and shortages from which Germany is known to suffer are in part due to the munitions wasted and stolen, and demonstrating the seriousness of the material shortage which Germany is at all times facing.

In order that not a single ounce of metal be wasted premiums were offered by the Minister of War to the soldiers for returning all used cartridges, shells and bits of metal with which every battlefield is covered.

The premiums offered were so attractive that the soldiers hit upon the idea of taking the shells, cartridges and munitions served them, mutilating or otherwise destroying them and then returning the broken bits as much metal piled up in the trenches and on the battlefields.

Full details of the graft and scandal are contained in an official circular of the German Minister of War, which reads as follows: "It has come to the knowledge of the Ministry of War that on many occasions the military authorities charged with supplying of munitions have not delivered integrally to the respective units the quantities received at the shipping depot, but have had recourse to various expedients to enrich themselves at the expense of the munitions."

"(a) Cases of cartridges have been broken open, the balls torn out, the powder burned and the empty cartridges returned as having been found and burned by the troops."

"(b) The bands about certain projectiles, that were perfectly usable, have been torn off, the fuses unscrewed, the shell thrown away and the copper bands and fuses returned as having been found by the troops."

"(c) Other projectiles thoroughly intact have been thrown away in order to permit accomplices to find them and return them for the recompense given for the salvage of munitions."

FIRST OF NEW FLEET IS HERE

As the forerunner of a fleet of ships to navigate between Oakland harbor and other Pacific coast ports, the steamer *Benar*, with a carrying capacity of 2000 tons, arrived at the Alameda Brothers docks this morning to take on a cargo of grain and molasses for Seattle and Portland.

Officials of the company stated that four other vessels of similar capacity will be placed in service as rapidly as possible and that unless the tonnage can be purchased they will build.

The *Vernon-Rockledge* Improvement club in a resolution communicated to the city council today asked that the traction company be held to its alleged agreement with the club, made some time ago, to put in first class improvement in the re-construction of its lines on College avenue.

The matter was referred to the commission of streets. Consideration is being given by the city officials to an agreement of the traction company relative to re-construction along other main arteries of traffic in the city.

SALONIKI FIRE CAUSED BIG LOSS; 60,000 HOMELESS

LONDON, Aug. 23.—The first details of the disastrous fire at Saloniki last Sunday are contained in a Reuters despatch from that city which says 60,000 persons are homeless and that the property loss is enormous. Insurance companies are interested to the extent of £2,000,000 to £3,000,000.

The military rendered all possible aid, but the scarcity of water made it almost hopeless to attempt to subdue the flames. Refugees are camping on the outskirts of the town. The destitute are being cared for by the Entente military authorities. The British having 30,000 in their charge. Food and fresh water are very scarce.

The whole sea front, from the customs house to the famous White tower, with its fine buildings, including the famous church of St. Dimitri and several other churches and mosques, was destroyed. Three enemy airplanes flew over the city and dropped bombs while the fire was burning.

AMERICANS MAKE DARING FLIGHTS

PARIS, Aug. 23.—Glorious weather has given a tremendous impetus to the activity of aviators on the western front. The Lafayette squadron, composed of Americans, has been up incessantly, participating in the recent offensive at Verdun and vying with French aviators in the exciting, though dangerous, new game of accompanying the infantry at extremely low altitudes and engaging enemy squadrons in machine gun duels. A squadron composed of Didier Masson of Los Angeles, Cal.; Dudley L. Hill of Peekskill, N. Y.; Robert Soubren of New York; Ray Cladin Bridgman of Lake Forest, Ill.; and Douglas Macmonagle of San Francisco, yesterday executed a movement over the new French trenches to protect the infantry, the machines flying so low that the aviators could hear the guns and the explosions of the big shells leaving the French lines.

On returning, the Americans described the fight as a marvelous one, since they could plainly see each detail of the raging battle, but also as an uncomfortable one, since they were constantly passing through the trajectory of big shells which made the air "shaky" and which could be felt continuously.

Suggestion on Eczema

It will take but a few moments to stop the itching and what an extraordinary benefit the way of grateful customers with the itching wash of skin, D. D. D. STEAMERS LOOTED

LONDON, Aug. 23.—A number of British steamers sunk by German submarines during the past week were looted before they went down, it was declared today by survivors. In some cases, however, the ships sank so fast that the Germans were unable to get aboard them before they sank.

In some instances where German sailors went on board the doomed steamers' stores of provisions, oil, tobacco and parts of machinery were carried off.

RAIL TRUCE ENDS

LONDON, Aug. 23.—The Central News says that all branches of the National Union of Railwaymen have been required by the man to instruct the executive committee to give notice of the termination of the truce agreement made in October, 1914, and demand an increase of £1 weekly in wages and a considerable reduction in working hours. The truce provided for a settlement of all disputes without recourse to strikes.

OWN GAS DEADLY

PARIS, Aug. 23.—A number of German soldiers near Verdun (Champs) were asphyxiated by their own poison gas when shells from French artillery destroyed a number of reservoirs containing the deadly vapors, says a press despatch from a correspondent behind the French lines today.

STEAMERS SUNK

PARIS, Aug. 23.—In the week which ended August 19, five French steamers of 1800 tons or more were sunk by mines or submarines, according to the weekly report.

Four vessels under 1600 tons were sunk. No fishing ships were destroyed. Three attacks by submarines failed.

terests. The government, the speaker complained, is entirely in the hands of Petrograd. That is the chief evil, Petrograd being the center of rottenness. Therefore, he said, it was imperative necessary to transfer the capital to healthy Moscow. Prince Troubetzkoy excepted only Premier Kerensky from general condemnation, but M. Ilin, a Moscow speaker, declared Premier Kerensky culpable, owing to direct association with the element responsible for anarchy.

General Alexieff fiercely denounced the Socialist "order No. 1," giving soldiers full liberty and abolishing saluting. He also denounced Petrograd. General Brusiloff followed, declaring that he agreed with everything that General Alexieff had said.

200 IN STREET CAR RIOT IN S. F.

(Continued From Page 1)

Kelly was charged with violating the State fire-arm law, a felony.

In the other outbreak, William M. Tivoli, detective and captain of the guard of the United Railroad strike-breakers, living at West One Hundred and Twenty-eighth street, New York, was the center of a serious melee. He was in charge of a guard on an automobile truck following a large delegation of strike-breakers. Police say he started a disturbance, and three officers closed in on him. His head was laid open in the course of the battle. He is charged with disturbing the peace and resisting an officer.

**MANY FACE CHARGES
IN POLICE COURT**

Two score strike-breakers were in the police courts this morning charged with every offense, from carrying concealed weapons to murderous assault.

While the police are greatly reinforced in the Mission section, the greatest violence has occurred, the service there was operated with great caution today. The usual number of public utilities committee of the board of supervisors met this morning and agreed to confer with President Lillenthal at his office at 4 o'clock this afternoon on the proposed plan to lease of the United Railroad system.

ber of cars was sent out, but in each instance motormen and conductors were protected by two plain-clothes strike-breakers in the role of students.

The public utilities committee of the board of supervisors met this morning to consider plans for possible purchase or lease of the road, and President Jesse W. Lillenthal, following yesterday's conference, is considering just what the company can do in order to protect its bond and stockholders.

President Lillenthal declared this morning that he had refused to talk concessions to the strikers in his meeting yesterday with the board of supervisors and informed the city fathers that if he had known they were going to discuss the strike he would not have attended their meeting.

Lillenthal today submitted to his board of directors the resolution passed by the board of Mission directing the public utilities committee to take steps looking towards a purchase of the road.

**DISSESSION IN RANKS
OF STRIKEBREAKERS**

That there is internal dissension in the carn barn where the strikers are quartered was indicated this morning. Charles Post, a strike-breaker from Chicago, was beaten by his associates in the Twenty-fourth and Utah street barns when he refused to take out a car.

"I told them yesterday I knew nothing about running it and would have to be shown," said Post. "When I refused again today they beat me up and threw me out."

Post received a fractured nose and went to the Mission Emergency Hospital.

Herbert Melnolos and Edward Flannery, strike-breakers, attempted to escape from the Twenty-fourth and Utah street car barns this morning after they had been refused their fare back to Chicago. They finally succeeded in jumping out of the window and hurried to union headquarters. A large number of the striking car men today attended the funeral of George Taylor, one of their number, who dropped dead on Tuesday.

EASTERN OUTFITTING

ECO. 581 14th St.

The old reliable Credit System.

At the point, counsel for the plaintiff objected to the line of questioning, where upon Chapman said: "We wish to show that it was the constant habit of these people to make endearing remarks to each other, that these remarks were not merely as proposals of marriage, but a jest." "Oh, well," replied Attorney Peter Crosby, "if you are trying to show that the proposal of the defendant was a jest by all means, proceed." The question which Mrs. Bebb claimed was given her by McClaughry was gone into at length. "You say, Mrs. Bebb, that McClaughry paid you for telephone messages which you sent him at Galt, and that he gave you a check?" "I don't remember—a five or a ten dollar good piece." "That was more than enough to pay for the messages?" "Yes." "You borrowed \$5 from him once, did you not, and then paid it back to him?" "Yes, that was another time." **NOT ALL THE LOANS.** "Is it not a fact that all the money you ever received from McClaughry was in two loans—one for \$5 and one for \$50?" Chapman then read from the plaintiff's deposition in which she had said that all the money she had received from the

SAN FRANCISCO, Aug. 22.—That a wife whose parents are willing to support her and her two children is not a cause for exemption from war service was learned by Miran W. Johnson Jr., who is a member of the Richmond chapter of the American Legion. Johnson was denied exemption by the Twelfth district board. Philip E. Bowles, father of Mrs. Johnson, who was Miss Amy Bowles of Oakland, testified that he is a well-to-do man and has no other children. Bowles is chairman of the board of directors of the American National Bank.

Bowles informed Randolph V. Whiting, chairman of the board, that when the government's policy of drafting married men before the single men had been exhausted, expressed his readiness, if necessary, to care for the family should his son-in-law be called to the front.

Young Johnson was a member of the board, but resigned because he was classified "C-1" as a non-combatant. His brother, Archibald, holds a commission with "The Grizzlies."

ago, has disappeared in England under circumstances that indicate suicide, according to information received here. Davies overcoat and cane have been found on the top of a cliff near the Yorkshire coast, and he has been recuperating after a period of hard hospital work in France.

While around the bay Davies produced several vaudeville sketches. He appeared in the London papers for a while and then returned to England, where a number of his plays, including "Cousin Kate" and "A Single Man," were staged.

~~~~~

plaintiff was two loans—a \$5 place which she had carried around for several days and returned to him, and a travel check for \$50, which he advanced her for her moving expenses.

Considerable time was given to cross examination as to the number of people present in the hallway in the San Francisco Press Club on New Year's eve, the plaintiff's attorney, Mr. McLaughry, first proposed to her. This was a continuation of the question of yesterday afternoon, when the defense sought to show that the occasion was a very gay one.

"It was a pretty lively crowd of the Press Club that night was it not?" he asked.

"I don't think so."

"They were all pretty well ginned up, weren't they?"

"No," said Mrs. Bebb, emphatically. A "No" of the first time the plaintiff asked signs the nervous strain under which she has been laboring on the stand. Her attorneys objected to the line of questioning, whereupon Chapman explained.

It is our object to show how easily this alleged promise to marry could have been heard in the pandemonium that reigned in that place. I think that Mrs. Bebb's testimony shows pretty conclusively that it was a drunken crowd.

Continuing the cross-examination, he asked:

"You stated that McLaughry drank there. What did he drink?"

THE DRINK LIST.

"He had two drinks."

"Were they intoxicating or non-intoxicating?"

"Why don't you specify if you are certain. How many did you have?"

"One only."

"Your story is very clear as to what McClaughry drank and how many. You have stated that you made a night of it. The fact is that you and McClaughry remained at this club until 4 o'clock in the morning. Then you and the women went out and the crowd went into a couple of cafes and finally wound up, at the break of dawn, at the ferry. You came home after making a night of it. That's a fact, isn't it?"

"Yes, just about," answered Mrs. Bebb.

In answer to Chapman's question as to the composition of a Bronx cocktail Mrs. Bebb said:

"They are made of two-thirds orange juice and a little gin."

"Don't you know that in reality they are composed of two-thirds gin and very little orange juice?"

"Oh, no. I could not drink them if there were so strong."

**OBJECTIONS SUSTAINED.**

The name of George Copeland, who was at one time a roomer in Mrs. Bebb's house, was brought into the case by the attorney by Chapman, who asked the plaintiff:

"Did you not recognise George Copeland as your lover and prospective husband, and did you not announce your prospective marriage to him to your friends?"

Mrs. Bebb was not allowed to answer the question, objections being raised by her attorneys.

"At the very time," said Chapman, "this lady was not looking to the defendant for marriage, but was looking to him for divorce. She has said a dozen times in reference to McClaughry 'I love him dearly,' but the evidence shows that she loved another man."

**VALLEJO, Aug. 25.**—Two thousand or more sailors and marines from Mare Island and descended upon the Crystal Palace, situated by the Costa brothers, and on a restaurant, both of them large and ornate. Their fellows, wrecked the front of the place. Now the city authorities are wondering what course to take and are facing a possible return for the American flag.

Just what the insult that caused the act of revenge was, has not developed, but last night several men in uniform descended on the cafe and ordered the proprietors to close the place. The American flag from in front of the place. Their request was denied and they retired, only to return when the parade they started had been sent out to the city square. They were 2000. They started throwing bricks through the windows.

City police authorities were helpless and could not disperse the mob. Finally an armed provost guard of 100 men had been sent here from Mare Island navy.

the largest reduction in the world, are not at work today as the result of a decision of a portion of the men, reached at a meeting last night, to strike. The strike decision, to strike the street car men in Ann Arbor, who conda the Smeltermen's Union. After one trip to the smelter this morning the car service was cut off, and it is estimated that many employees who desired to work were prevented because of lack of facilities from reaching their places.

It was stated that six of the eight concentrators at the smelter are in operation today. The walkout of men was not sanctioned by the Smelter

mans and their usual ability to make  
pets of the fierce beasts of the  
jungle, was one of the contributing  
factors in a severe injury received by  
S. J. Sherman, a loyal tar, at Idoro  
Park at midnight. Sherman thought  
he could do anything with the big  
bear and for a time it looked as  
though he would succeed in his en-  
deavor to make the animal turn  
few tricks on the inside of the cage.  
The beast became enraged and caught  
Sherman's arm, tearing off the flesh  
with a deep bite. The sailor went to

The field had not been plowed before for years. It is a deep mystery how the implements got there or for what reason they should be left underground in the middle of a large lot. The wooden part of the gun had completely rotted away.

Representatives of the company appeared before the city commissioners today and stated that the output of the factory is being forwarded to Russia via New York. The dust is used in making

in a running battle with a patrolman after he and two other men had held up a bartender and six men in a saloon. The companions of Whitelaw escaped. Whitelaw was released recently from the state prison at Folsom, California, where he had served thirteen years of a life sentence for highway robbery.

number of young girls, among them Manuella Garza, of Spanish-American parents, according to information received here today by American officials. The girls were taken to the mountain headquarters of the bandits.

Awaiting the filing of supporting affidavits to substantiate the claims for exemption on occupational grounds, the Second Southern California District Exemption Board today adjourned until August 27, when it will consider both original claims and appeals before certifying selects from 21 districts in 14 counties.

and decide as to the fate of the fireman.  
Shea has been a member of the depart-  
ment since 1908. He lives at 1934 Fifty-  
fifth street.

Ruggiero is said to have visited Ceremelli's home on the evening of June 2 where a fight over Ruggiero's daughter, Flora, 16, ensued. Ceremelli received numerous cuts and bruises.

**SACRAMENTO, Aug. 23.**—Typhoid Harry, the noted human typhoid carrier of California, who is alleged to have been responsible for thirty-four cases of typhoid fever, may be cured—and he may not.

B. E. Sullivan of Reno, Nev., who heard of Harry's case, says he has a cure for the young mailer, who has been confined in the U. S. Marine Hospital in San Francisco since 1912.

Here, which Sullivan sent to the State Board of Health, is: Feed him coal oil—regular lamp oil. Give him one tablespoon full and repeat with one teaspoon full every day. Also rub

of the many claims for exemption granted by married men through draft exemption board appeals following rule:

"A married man with a wife shall not be conscripted, unless he clearly proves that his wife becomes a charge upon the man or that she is an inmate on personal care, attention and support of the husband. A married man with dependent children shall not be conscripted unless it clearly appears that a wife and children will be provided for him once a day for a week."

"Should it effect a cure, we know," Sullivan added to P. S. in his letter to the bc. It is not likely that the cure be tried out.

# WILSON SAYS NEW PRICES APPLY 'NOW'

WASHINGTON, Aug. 23.—The prices fixed by President Wilson for the coal and oil now in effect, Secretary Tumulty, in a telegram to the St. Louis, Mo., Coal Company, announced today the new schedule is effective "immediately."

The White House has been asked to issue a statement to the effect that the new schedule is effective "immediately."

"In reply to your telegram of yesterday, the President authorizes me to say that the coal prices described become effective at once."

President Wilson renewed his personal campaign to alleviate coal conditions today, calling off all except coal engagements and a brief formal meeting with the coal companies. The President, it was intimated, would go through with his program of price-fixing, and base his actions on the reports of his investigators. Having yesterday obtained all the data gathered by the Federal Trade Commission, he today called in Samuel Gompers, head of the American Federation of Labor, to go over the labor agreement.

**GARFIELD SUMMONED, MAY BE DICTATOR**

President Wilson summoned H. A. Garfield, head of the wheat price-fixing board of the food commission, to the White House this afternoon for a conference. Mr. Garfield has been the only person summoned for appointment as a dictator and the action of the President was generally believed to foreshadow announcement of his appointment shortly. On this subject White House officials were mute.

**COAL MEN IN EAST PROTEST ACTION**

NEW YORK, Aug. 23.—With hurried conferences and protest meetings in many parts of the country, soft coal operators, some threatening to shut down their mines—others offering to surrender their plants to the government—were "up in the air" today, following the President's fixing of wholesale prices on coal. Reports to the United Press from all sections of the United States indicated the general tendency as to await the government's next action. Retailers awaited announcement of the President's retail soft coal price. Meanwhile their rates were unchanged, except in Chicago, where retail soft coal dropped \$1 to \$1.50 a ton.

The mandatory average wholesale price of \$2 a ton for soft coal at the mines was declared by some operators to be confiscatory.

**HELD AS FRAUD**

ATLANTIC CITY, N. J., Aug. 23.—Joseph Levy, 29 years old, of New York, was arrested as the man who has been fleeing business men by representing himself to be a son of Secretary of the Navy Daniels and an agent of the department of justice.

# Opposes All Profits From War Gompers Tells of Labor's Stand

By Samuel Gompers,  
(President of the American Federation of Labor.)

WASHINGTON, Aug. 23.—There never was war that afforded less justification for war profits than that in which our country is now engaged.

The fundamental purpose of this war is to establish the inviolability of human rights.

In my opinion the rate of taxation upon war profits should be brought down to nearly twice the present rate. For this war our republic has felt justified in enforcing compulsory military service, at the constant hazard of health, body and life, to require the full man-power in production and transportation. That corporations, companies and even individuals should have the opportunity to coin the flesh and blood of their countrymen into profits, is abhorrent to justice and humanity and in conflict with the very ideals for which our people and their allies are contending.

No single determination would do more to unify the nation behind the government's efforts in this war and establish a feeling of equity and security than to tax war profits so heavily as to virtually wipe out of existence profits resulting from the war.

The American labor movement has officially endorsed the principle of taxation of war profits. Indeed, the justification of the principle cannot be questioned.

# SWEENEY'S WILL ENRICHES FRIENDS

SAN RAFAEL, Aug. 23.—Bequests amounting to \$100,000 in money to San Francisco and transbay charities, three old employees, relatives and friends are included in the will of Lorenzo H. Sweeney, founder of the Dodge-Sweeney Company, commission merchant of San Francisco, who died here a week ago.

The will was filed for probate and names the Union Trust Company of San Francisco as executor.

The cash bequests are as follows: Marian Snow Merrick, sister, living at Magog, Canada, \$10,000; Maude A. Meserve, a niece, living at Los Angeles, \$50,000; May Boswell Jones, a cousin, of San Francisco, \$10,000; Alice Gifford, a cousin, living in Honolulu, \$20,000; Dr. A. H. Sweeney, Sweeney's brother, \$20,000; David Davis, a friend, of San Francisco, \$5,000; Marian Snow Merrick, a sister, in trust for her daughter, Myrtle, \$10,000; Mrs. Ella Sweeney, a cousin, living at Honolulu, \$10,000; Mrs. Mary Magog, Canada, \$2,000; St. Paul's Church, San Rafael, \$2,000; Mary W. Oliver, a friend, living at Niagara Falls, \$2,000; American Red Cross (San Francisco branch), \$2,000; San Francisco Fraternity, \$2,000; San Francisco Fraternity, \$2,000; Children's Hospital, \$1,000; Society for the Prevention of Cruelty to Animals, \$1,000; Society for the Prevention of Cruelty to Children, \$1,000; St. Luke's Church, Magog, Canada, \$2,000; Mrs. Charles I. Crowell of San Francisco, \$2,000; William Hanson, William T. G. Jordan and Henry Cull, employees of the Dodge-Sweeney Company, \$1,000 each. San Francisco Fraternity, \$1,000; St. Paul's Church, San Rafael, \$2,000; Mary W. ## GOVERNMENT TO ENFORCE VICE LAW

SAN FRANCISCO, Aug. 22. — Failure of the police judges of this city to deal adequately with vice conditions, particularly as these conditions affect the welfare of soldiers and sailors of the United States Army, has resulted in the decision of the Federal government to take steps to enforce the laws, according to a statement made public today by Warren Olney, Jr., chairman of the California Military Welfare League. The State Board of Health will co-operate in the "clean-up" campaign, according to present intentions.

For some weeks representatives of the league have conferred with United States Attorney John W. Preston, military officials, representatives of the Department of Justice and State Board of Health and a general plan of procedure in handling the vice campaign has been outlined. Meanwhile agents of the government and state have quietly obtained evidence, it is stated, against a score or more of disorderly houses in the city, which are to be raided and their keepers prosecuted by the United States Attorney's office.

According to Olney, Lieutenant Charles Goff and the morale squad have accomplished much in improving conditions in the city, but their efforts to suppress commercialized vice and to protect the men of the Army and Navy have been

## AGED SUICIDE IS BURIED AS PER OLD WISHES

LOS ANGELES, Aug. 22. — Carrying out instructions given and plans laid by John E. Abbott, octogenarian, seventeen years ago, one of the most extraordinary funerals held in Los Angeles was conducted this afternoon, when his body was laid to rest in Rosedale cemetery.

Almost two decades ago the dead man paid a local undertaker \$500 and contracted for a funeral to provide:

A band of twenty pieces marching ahead of the hearse, to be drawn by four jet-black horses; that the casket be of solid mahogany, lined with copper, covered with black broadcloth and incased in a redwood box of 1 1/2 inch timber; that the grave be lined with cement and sealed; that the band play twelve sacred and patriotic airs.

Abbott shot and killed himself a few days ago.

ruined by the actions of the police judges. Failure to eliminate the large number of disorderly houses scattered broadcast over the city prompted the move by the government at the request of the league.

Ask The TRIBUNE

## OAKLAND GIRL TRAMPS TO EAST

Sleeping in haystacks, dodging "road yeggs," arrested at Fort Sam Houston, Tex., as a suspected spy, and getting close to nature and humanity, Miss Genevieve Alexander, an Oakland girl and secretary of the Women's Wilson League of California, who tramped across the continent in army khaki to gather material for a book which she is writing, has just arrived in Washington, D. C., according to a letter received from her by Mrs. Fred Foss, wife of Supervisor Foss of Berkeley.

"I have tramped from California to Washington, D. C., beating the H. C. L.," she writes, "and to gather material for 'Women's Age.' I have it in abundance. Tramping is a wonderful education. I am very much disappointed in Washington and her cold, aristocratic handshake. I am really disappointed in the coldness of the people here. You know, it is quite an undertaking to tramp in these war times along the border and thence to the capital to do one's bit, and one naturally expects a rather warm and cheerful reception. I haven't found a husband yet, although I had many offers along the trip."

## Wearing Black Cat Is the Latest Broadway Fad

OLIVE THOMAS

Olive Thomas, Star in "The Rescue" at Franklin, Is Follower of Latest Styles.

Are you following the latest styles and fads? Gotham's gayest and most popular entertainer helps set the newest fads. This one, Olive Thomas, for three seasons the most famous on Broadway, is wearing a black cat. Besides gaining fame before the footlights, this girl has increased her celebrity in the silent drama, but her latest vehicle photographs so effectively the choruses, dancers and big jazz bands of a pretentious Broadway cafe that it might be called a significant musical comedy on canvas. The production is in reality a bit out of real life, for its story runs parallel with Miss Thomas' own career.

"The Rescue" is presented on the same offering at the Franklin theater. This rescue is not a heroic rescue of some young woman from watery pools, but a more startling rescue, with an unsuspecting finale. After Anne Wetherall divorced her husband and returned to the stage, the daughter of her old friend is said to be engaged to this divorced husband. The girl's mother and the ex-wife evolved a plan to "rescue" the girl from the result of her infatuation, and rather than let the girl have any chance of marrying the man, Anne marries her erstwhile spouse herself, only to find that such things had been planned beforehand by her husband himself and that she was the victim, not he.

**NOT TO ANNEX**  
SANTA MONICA, Cal., Aug. 22.—By a vote of nearly 2 to 1, Santa Monica defeated a proposition to annex itself to Los Angeles at an election here.

## Things for All Parts of Your Home from All Parts of Our Store

## How to wash silk waists

Whisk a handful of Lux into a thick lather in very hot water. Add cold water till lukewarm. Dip your waist through the foamy lather many times—work it about in the suds—do not rub. Rinse in three waters, the first lukewarm, the second cooler, the last cold. Squeeze the water out—do not wring. Dry in the shade. When nearly dry, press with a warm iron—never a hot one. Georgette crepe waists should be gently pulled into shape as they dry, and also should be shaped as you iron.

## "Are you sure it will launder?"

How many times have you hesitated over a charming blouse, and finally decided not to buy it!

thick Lux suds, and they come back as white as when new.

You were afraid it would turn yellow and yellower each time it was laundered—that the lace would become coarsened and heavy looking—that it would never look really lovely after its first tubbing.

Two things that ruin silk blouses. Alkali and rubbing are the two things that cause more casualties in the silk blouse family than all other things put together. Alkali turns the silk yellow, rubbing coarsens and pulls it, and makes the lace heavy and rough.

Now—you buy the daintiest, finest blouses—with only one comfortable thought about cleansing them. You know Lux will launder them perfectly. Chiffon cloth! Georgette crepe! Crêpe de Chine! Time after time you send them to the

Lux has absolutely no free alkali. Use Lux for any fabric that can be washed in water. Lux requires no rubbing, because the delicate flakes contain more real cleansing value than is possible in any other form of soap—they dissolve the dirt in a few minutes, and it drops out into the water, with a few dippings up and down. Begin saving your waists now! All grocers and department stores have Lux. Lever Bros. Co., Cambridge, Mass.

**LUX** Won't turn silks yellow!

## Can U Sink a U-Boat?

THE GREAT NAVAL WAR GAME

## BOYS GIRLS

An up-to-the-minute game for all the family. Can you plant a mine? Can you command a battleship?

## Can You Lead Your Navy to Victory?

THE NEWEST CRAZE IS, "CAN U SINK A U-BOAT?" THE GREAT NAVAL WAR GAME.

TEACHES NAVAL TACTICS—A WONDERFUL TEST FOR BOYS, GIRLS AND GROWN-UPS IN THIS NEW GAME.

The game carries a complete equipment of playing pieces for two opposing sides—the blue and the red. Battleships, battle cruisers, transports, submarines, destroyers and mines compose playing pieces.

There is also a playing board with land defenses, open water areas and forts. It is a simple game to learn, but a game in which the complications or the possibility for complications are so great that it affords exercise for the most active mentality.

It will teach children and grown-ups more about the war on the sea as it is played by real admirals, real sailors and real ships than anything one might possibly read about naval warfare. Altogether it threatens to become as great a rage as chess or rummy.

ONLY to be secured with a coupon from the Sunday TRIBUNE

WATCH FOR THE COUPON THIS SUNDAY!

# SWEAR IRBY, WARD, INTO OFFICE

SAN FRANCISCO, Aug. 22.—Two federal officials were sworn into office in San Francisco this morning by Federal Judge William C. Van Fleet and United States Attorney General.

Colonel John S. Irby, former secretary to Mayor James D. Phelan, whose appointment caused a political furor because of the dissatisfaction of certain California Democrats, was inducted into the office of surveyor of customs. The ceremony was performed by Federal Judge William C. Van Fleet, who administered the oath of office in his chambers in the post-office building.

Justus Wardell, former surveyor of customs, was sworn in by Judge Van Fleet as collector of internal revenue. Wardell is a newspaper man, as was Colonel Irby prior to his association with Senator Phelan. Throughout the Wilson administration Wardell, who is publisher of the Journal of Commerce, has acted as surveyor of customs. He takes the place made vacant by the suspension of Joseph J. Scott, recently acquitted of embezzling government funds.

Wardell has appointed as his temporary chief assistant William C. McCarthy, who has been acting in that capacity for some months. Colonel Irby has named as special deputy surveyor of customs Captain John T. Stone, who also held that office during his predecessor's regime.

The private offices of both of the new officials were filled with floral tributes from their friends today and most of the morning was spent by them in receiving congratulations.

## IS FATALLY HURT

SAN FRANCISCO, Aug. 23.—Abe Levy was probably fatally injured, and his brother, George, and Theodore Faber were seriously hurt to today when a motorcycle on which they were riding collided with an automobile. Abe Levy's skull was fractured.

## FOR FEDERAL JOBS

The United States civil service commission announces that the examinations listed below will be held in San Francisco at an early date.

Application blanks and further information relative to these examinations may be obtained from the secretary, United States civil service district office, 241, Post Office building, San Francisco.

Assistant in marketing live stock and meats (male) bureau of markets, Department of Agriculture, Washington, D. C., \$1,800 to \$2,400 year.

Junior assistant in marketing live stock and meats (male) bureau of markets, Department of Agriculture, Washington, D. C., \$1,200 to \$1,800 year.

Assistant in marketing fruits and vegetables (both men and women) bureau of markets, Department of Agriculture, Washington, D. C., \$1,200 to \$1,800 year.

Dynamite testing, bureau of engineering and printing, Washington, D. C., \$3.65 per diem.

Field assistant in forest pathology bureau of forest industries, Department of Agriculture, field duty, \$1,200 to \$1,800 year.

Inspector of cloth (male) ordnance department at large of War Department, \$2,600 to \$3,000 year.

Designing engineer, armor plant and steel mill, \$10-\$15 per diem.

Designing engineer, heavy steel mill construction, \$10-\$15 per diem.

Designing engineer, constructing engineer, open hearth furnace plant, \$10-\$15 per diem.

Hydraulic and sanitary engineer, \$10-\$15 per diem (male) bureau of yards and docks of the Navy Department, Washington, D. C., \$10-\$15 per diem.

Use Coconut Oil for Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and is very harmful. Just plain mulberry coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulberry coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.—Advertisement.

## Just Apply This Paste and the Hairs Vanish

(Helps to Beauty)

A safe, reliable home-treatment for the quick removal of superfluous hairs from your face or neck is as follows: Mix a stiff paste with some water, and powdered delatone, apply to objectionable hairs and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This simple treatment is unfeeling and no pain or inconvenience attends its use, but to avoid disappointment be certain you get genuine delatone.—Advertisement.

# Sydney Ainsworth Stars in Film Offering of "On Trial"

SYDNEY AINSWORTH as Robert Strickland, the husband in "On Trial" at the T. & D.

## New T. & D. Presents Great Play Telling the Story of Murder Case

"On Trial," a photoplay version of the powerful successful stage production of the same name, is the feature attraction at the New T. & D.

Director James Young has made a most successful picture of it. It is full of good acting, clever situations, and shows masterly direction. The story is that of a man on trial for murder, with burglary charged as the motive, who pleads guilty and refuses to defend himself. By the court's order an attorney presents a defense, hampered though he is by his client's silence, he manages to untangle the mystery.

"WHAT NEXT?" TO END STAY AT MACDONOUGH.

"What Next?" Oliver Morosco's big comedy with music will be seen at the Macdonough theater for the last time Saturday, a matinee performance taking place at 2:30 and the evening performance at 8:20. Blanche Ring, the famous comedienne is better than ever as Charles Fanning, the comedian, Flanagan and Edwards, Dainty Marie, Eva Fallon, the three Du-Fors brothers, Al Gerard, Lella Bliss, and the chorus make "What Next?" easily the biggest show of the season.

"BOOMERANG" COMING.

It has been definitely settled that David Belasco is to send his latest comedy success, "The Boomerang," to the Macdonough commencing next Monday night without a single change of cast. This Vinchell Smith and Victor Mapes' piece is now playing at the Columbia Theater, San Francisco, previous to which it ran for fifteen solid months at the Belasco Theater, New York, and eight months at Powers Theater, Chicago. It is said to be the best comedy produced in recent years.

"The Boomerang's" engagements in the coast cities at this time are reported to have been close at last season it had been seen in New York and Chicago only, and that in order to keep it together for the Boston and Philadelphia engagements to be played shortly. David Belasco sent the company out there, including the company's best leading and popular players as Arthur Byron, Martha Hedman, Wallace Eddinger and Ruth Shepley. The seat sale opens today.

CHILD ACTRESS TO BE SEEN AT IDORA.

She is in store for children and grownups at Idora Park Saturday afternoon.

Mignon Callisch, a versatile child actress of Berkeley, will present "The Little Rebel," a Civil War story from the pen of C. C. Peppie and in addition will give a number of interesting and novelities. She will dance a Greek interpretative number divided into five themes morning, the brook, the forest, the field, picking daisies, and evening, followed by that wonderful Vestoff number, the Harlequin Polka, a difficult toe dance.

The performance will be given in the amphitheater and will be free to park visitors.

San Francisco and Oakland theatrical managers, always on the alert for juvenile talent, will witness the performance.

An aquatic feature of unusual interest will be staged in the outdoor pool, Sunday afternoon, when Connie Myers, a Portland, Ore., 1937 diving champion of America, meets the local mermaids in the Pacific coast diving championships.

Dancing which is a free feature every night except Sunday is proving very popular.

"AN EVEN BREAK" DRAMA TO FRANKLIN.

Someone said that there was "music in the air, music everywhere," and he was right, for there is music and song even in the silent drama now playing at the Franklin Theater. The play is "An Even Break," the story of a Cabaret girl who trades the Great White Way for the man she loved. Through scenes of riotous splendor the vivacious Olive Thomas trips her way in costumes that only a "Follies" beauty could wear. She also dances in that spontaneous, individual manner that made her the favorite of Broadway. During the past three seasons "The Story Runs Parallel with Mrs. Thomas' own career. It concerns a girl in a small town who goes to New York and travels the footlight trail.

New angles of the divorce problem are disclosed in the companion picture, "The Rescue," with Dorothy Phillips as star. The gist of the story is short is that, having divorced Kent Wetherall and being informed that Betty Jerold, daughter of her best friend, was determined to marry her ex-husband, Anne Wetherall decided to save the girl from blundering into unhappiness. After the ceremony was performed, Anne discovered that she had been the victim of a plot—that Kent Wetherall still loved her and not the young girl, and that he had conspired to be re-united with his wife.

# DRUIDS TO HONOR ARMY MEMBERS

Roma Circle No. 87, Alden Grove No. 216 and Roma Grove No. 95 have united to tender a reception and dance to their brothers who have been called to the colors on Sunday at Golden West Hall, Telegraph Avenue and Forty-sixth Street.

The committee has about completed arrangements in order to entertain the large number of Druids who are expected to be present that evening with their families.

A luncheon will be served during the evening and the drill corps of Roma Circle has volunteered to give an exhibition drill in their pretty uniforms under the direction of their captain, Mrs. Mary Baeker.

The following grand officers have been promised to present: Percy S. King, grand noble arch; Lee Wells, deputy grand arch; J. Fugazi, past grand noble arch; Mrs. Adelaide Giusti, grand noble arch; Druidess of the Grand Circle, G. B. Castellotti, grand trustee; P. Rogo, grand trustee; and other grand officers from San Francisco.

Executive Committee—Frank Glando, chairman; Mrs. Josie Parodi, secretary and treasurer.

Dance Committee—F. Martino, M. Graziano, F. Aletto.

Bar Committee—G. Debenedetti, F. Glando, S. Garass.

Refreshment Committee—Mrs. J. Parodi, Mrs. C. Garass, Mrs. Georgeette Sinner, Mrs. Minnie Rego and Mrs. Mary Sacco.

Reception Committee—John Oliva, G. B. Castellotti, G. Debenedetti.

Orator of the Evening—Dr. C. A. Quelro.

The proceeds of the evening will be used in presenting to the drafted members a token emblematic of the order.

podroma Playhouse bringing a new leading man, Joe Kemper, who promises to be a big favorite with the patrons of the theater, and showing Virginia Thornton in one of the most suitable roles she has had since her acquisition by the management.

Splendid work is being done this week by "Vivian Storch," who has been advantageously cast as "Bonita" and is winning continued applause from a delighted audience in her love scene with Kemper, who is well known to musical comedy circles and who is proving a sterling dramatic actor.

Don't forget to see "Cooler" and "Arizona," which is a story of a woman's love and her struggle with a man who has given a remarkable staging to the plot which takes place on a ranch near a military encampment as the husband of the erring wife; Howard Nugent is the blustering ranch owner; Margaret Nugent plays his lovely wife; Cooly plays "Dr. Fenton," a central figure throughout the play; Frank Bonner gives a careful reading to the Mexican role and the others are: Edith, Clara, Kingsbury, Roy Haas, Clarence Willis, Virginia Blue and Frank Harverson.

Superior Drum appears as the husband of the erring wife; Howard Nugent is the blustering ranch owner; Margaret Nugent plays his lovely wife; Cooly plays "Dr. Fenton," a central figure throughout the play; Frank Bonner gives a careful reading to the Mexican role and the others are: Edith, Clara, Kingsbury, Roy Haas, Clarence Willis, Virginia Blue and Frank Harverson.

The second edition of the big Hippodrome road show with seven big acts of high class vaudeville, will reach town and the theater will be decorated with the finest variety with a judicious selection of motion pictures.

"THE SLACKER" IS THRILLER AT AMERICAN.

That Emily Stevens has an appealing screen story, "The Slacker," secured a tremendous amount of publicity when it was produced at the podroma Playhouse.

Emily Stevens, who has been recently evidenced by the throngs which greeted the beginning of its return engagement at the same theater yesterday, is the star of the play, when the world is at war, but the fascination of its powerful climax, tense and thrilling, and the variety of its form as keynote of its interest and tend to explain its tremendous popularity. The photo drama is a lesson in patriotism and incidentally an opportunity for an exceptional amount of vigorous action. Emily Stevens has an opportunity to display her talents in the role of Margaret Charley, the ardent, high-strung wife who at once burns with patriotism for herself and with shame and indignation for her "slacker" husband.

The Mutual Weekly and a series of educational films on "Real Life" are included in the bill. John Wharry Lewis and his orchestra sense the spirit of the production by featuring "Home Sweet Home," as played in the various countries of the world. Viola Dana begins a three-day engagement Sunday in "Aladdin's Other Lamp."

"CLEAN HANDS" WINS POPULAR APPROVAL.

"Clean Hands" by Walter Rivers, is receiving the unanimous approval of the theater goers that fill the Bishop Playhouse to capacity at every performance.

The theme of the play, the plea for anti-capital punishment is in itself a matter of the greatest importance, and added to that the splendid performance given by the Bishop players it becomes a crying success.

The especially excellent work is being done by Smith Davies, Hugh Metcalfe and Ben Erwin in the leading roles. Eleanor Parker and George Knowlton, the women in the play, John Ivan, Allyn McNulty, Harold Hutchinson, Will Lloyd, Jerry Garrity, and the time F. Webster, Al Cunningham and William Amesell, besides directing the play, gives an impressive interpretation of the part of a detective with brains.

"ARIZONA" GIVES "HIP" CAST SPLENDID CHANCE.

Augustus Thomas' great Western play of love and intrigue has come to the Hippodrome.

# AD. GOT HIM RATS

TRIBUNE want ads pay.

That's why Harry Cornell, of the Pantheas theater, today does not know whether his office is a menagerie or not. He is like the Pied Piper of Hamelin at the end of his voyage—with so many rats he does not know what to do with them.

Cornell promised Professor Swain, who is exhibiting his trained cats and rats at the Pantheas this week, to get him some new rats. Yesterday the following classified ad appeared in The Tribune:

WANTED—Live rats in cages. For information apply manager's office, Pantheas theater.

Today Cornell stepped blithely into his office to be greeted by a chorus of squeaks. There were eighteen cages—bird cages, rat traps, and improvised cages made of boxes and wire netting—all full of rats.

"It pays to use TRIBUNE want ads—even for rats," he declares.

# TREAT AT MOVIES

For the first time in the history of moving pictures a picture will be interpreted through music to an audience composed solely of deaf, dumb and blind children.

The Oakland Kinema theater will act as host to the pupils of the State Institute for Deaf, Dumb and Blind children, which is in Berkeley. This novel idea was thought out by Manager Oliver Kehrlein of the local house, he conceiving the idea from the Paramount Weekly showing at his theater this week, which shows children of a like institute in New York dancing for pictures to the vibration of music.

The children of the Berkeley Institute will attend a performance of Mary Pickford in the greatest kid story ever filmed, which, aside from being interpreted through music, will be explained in detail by several instructors from their school.

Over 250 children will be in attendance in the guidance of Principal T. C. Millikan.

Members of the Oakland committee of the Home Guard will meet tonight at 8 o'clock at the two-fourth street armory at the call of Captain Pimm, senior officer, to decide the fate of the organization.

All men who have been sworn with the guard have been asked to attend the meeting, which will be important in that a report of the success of the committee which has passed the city in search of aid will be reported and a vote taken to decide whether the guard will continue or disband for lack of assistance from any source.

# ALL DEFENSE BOARDS WILL ACT ON FOOD

A call was issued today from the office of Governor W. D. Stephens for a meeting of the State Council of Defense, county defense boards, chairmen of county boards of supervisors, directors of county farm bureaus and county farm advisers, to be held here September 10 and 11 to consider questions of agriculture and production in connection with the food conservation movement. The governor's action follows the passage of the food production bill by Congress.

Primarily the meeting will be devoted to discussion of ways and means of advancing the farm bureau ideas as a method of increasing and conserving the supply of food, and it is expected that from ten to twelve farm bureaus will be established in each of the forty agricultural counties of California as a result of the conference.

Because of the leading part to be taken by the California State Fair next month in the food conservation movement, and because of the fact that the meeting will take place here during the fair, September 1 will be known as farm bureau day as well as Ladies' Sons day of the fair.

Before the meeting, the city council to the Richmond Dredging Company, which was low bidder on the job at \$44,450. The council yesterday between City Attorney D. J. Hall and Colonel W. H. Hener in which the latter agreed to let the city harbor plans in no far as they covered the western bulkhead.

Work will be commenced immediately on the construction of the bulkhead, following the completion of which the bulkhead will be covered with a layer of dredged mud. In this manner many acres will be reclaimed for the city.

## JOIN GAS HEARING

RICHMOND, Aug. 23.—Harvard and San Leandro will join Richmond in their effort to secure a reduction from \$125 a month to \$100 a month for the gas rate for gas. There will be a hearing before the State Railroad Commission in San Francisco next Thursday.

## TO SAVE POTATO

BERKELEY, Aug. 23.—Plans to save the potato crop of Oregon, Idaho and Washington, as a move in the national food conservation plan, are being perfected by Professor Edward Mead, of the University of California, today making preparations for a trip to the north to make a preliminary survey at once to ascertain what assistance the farmers need in the work and to make a preliminary plan that would be suitable for further planning. His first stop will be at Klamath Falls, where he will then visit other farming centers.

## CLUB OPENS WORK

BERKELEY, Aug. 23.—The Newman Club, the organization of Catholic students at the University of California, started its college term last evening with a reception at the clubhouse, 14 Loma Avenue and Ridge Road, with an informal musical program and social with old and new students. Ellen Deruchie, '19, was in charge of the musical program, and M. T. Prindiville and Rebecca Borradaie, president and first vice-president respectively, of the club, spoke.

## MRS. MACY BRIDE

SAN LEANDRO, Aug. 23.—Friends of A. J. Smith and Mrs. Emmaline Macy, well known to the community, were gathered today to learn of their marriage last night. The ceremony was performed by the Rev. Dr. Langeman at the Methodist church. Smith, an old friend of the community, is in the employ of the customs service, with headquarters in San Francisco. Mrs. Macy has also been here for many years.

## CIGARETTE IS SUBJECT

RICHMOND, Aug. 23.—"The Lull of the Cigarette" is the topic of a lecture to be given tomorrow evening at the First Presbyterian church by the Rev. Dr. W. Dunlop, pastor. The lecture will be illustrated with many slides depicting the effects of cigarette smoking. The slides are the property of C. B. Fisher, secretary of the California Sunday School Association.

You Need a Real Medicine

For that sour, belching, out-of-order stomach of yours. It may cause you serious trouble unless treated properly. A number of us Doctors always prescribe

# Stimeze

For dyspepsia, indigestion—chronic or acute, catarrh of the stomach, heart burn, nausea and nervousness, and when I have a patient who is underweight, anemic, run down, and in need of a good tonic, invariably this master prescription helps nature to restore the nerves and blood to normal because it works along natural lines. It puts your digestive apparatus in working order so you may be able to eat what you like, when you like, and get the body nourishment out of your food. I advise you to try your drug and get a bottle of STIMEZE. Take a little after meals. I have seen the good it has done for so many others that I honestly believe it will help you.

# Professor Edward Booth, U. C., Dies Succumbs to Stroke of Apoplexy

TRIBUNE BUREAU  
SAN FRANCISCO, Aug. 23.—Following an illness of but a few days, Prof. Edward Booth, of the University of California chemistry department, died this morning at his home, 2310 Volney street. He was stricken with apoplexy last week in an Oakland garage and grew gradually worse until death today. A widow, Mrs. Robina M. Booth, a daughter, Miss Jean Booth and a sister, Mrs. William M. Bunker, survive.

With his death this morning one of the most remarkable careers in late California history closes. A chemist, mineralogist, newspaperman, radio authority and teacher, he has taken up each task successfully. As an assistant professor at the university, he had taught for seventeen years.

Graduating with the class of 1877, University of California, he at once took several years of graduate study before entering the state mining bureau as an assistant. Following several years in this office, he became an editor on the Daily Report, a newspaper of old San Francisco. The paper was owned by his brother-in-law, J. H. Hunter.

After many years of newspaper work he again became a part of the University of California, this time as a teacher. For the past seventeen years he had been associated with the chemistry department, instructing many men today well known in California industries.

A thorough student, the problems of radium interested him from the first announced investigation, and from that time until his death he studied the precious material. Several times he journeyed abroad to study with the radium specialists, including the famous Marie Curie and Sir William Ramsay.

A member of the Alpha Theta Fraternity and of various campus orders, he served on many faculty-student body committees. He was 60 years old and had served almost his entire life as a teacher. Private funeral services will be held, followed by private interment.

## "PELLEY" AGAIN TO FLY IN FACE OF CONVENTION

BERKELEY, Aug. 23.—"No girl should marry a soldier before reading 'Slacker'." This is the mysterious legend that floated over the University of California campus this morning. Neatly printed on white paper, it fluttered about the lawns, stared at the spectator from bulletin boards, and was passed about in classrooms.

The story of which is the way the student editors had of announcing that "The old Bird Flies Tomorrow. Listen to her Cackle." In other words, the Pelican, the "funny paper" of the university, comes out tomorrow morning. A few sentences are promised. The Pelican will explain what the editor of the Daily Californian did during his vacation, why it is good to be here, and many other things. Also—there will be some jokes that are "almost daring."

## U. C. HAS 673 LESS THAN YEAR AGO

BERKELEY, Aug. 23.—Additional late registrations by students arriving in the past two days to resume work at the University of California, have brought the total enrollment of the institution to 5833. This figure is 673 below last year's enrollment and 188 below the 1915 enrollment. The women enrollment is slightly larger than in former years, and the freshman class slightly smaller than last year. The draft is the cause of the difference, according to the university authorities.

The increased enrollment of women is an indication of the progress of the institution. A large number of the former students commissioned in the officers reserve corps, are planning to attend college temporarily until called into service. These may yet raise the registration figure slightly, if they are to be counted in.

## COMPLETING GOOD HIGHWAY LINK

SAN LEANDRO, Aug. 23.—The city's contribution toward better highways will be completed within two weeks time, according to local officials today. The road at Hepburn and Washington streets is now under construction with 30 laborers working hard to finish the last bit in the specified time.

Present construction work is over a length of six blocks, formerly very difficult highway for automobiles and other vehicles to negotiate. This forms the last work before Oakland's highway to San Leandro is completed. A mile of road along East Fourteenth street, improved several weeks ago, is the other good road link established by the county contractors under supervision of E. F. Peralta, superintendent of streets and city marshal.

## NURSES' COURSES

BERKELEY, Aug. 23.—Plans for a new course for war nurses to be given at the Medical School of the University of California, are now under way. The plan was arranged in the summer of which three years will be in the university and two in the University Hospital training school. The course, as outlined, would be equivalent to a course conducted in the college of letters, and to the requirements of the nursing school. The course would include anatomy, physiology, bacteriology, and various other subjects.

## MRS. CARLSON HOSTESS

RICHMOND, Aug. 23.—Mrs. C. E. Carlson was hostess to a number of the city's prominent people at a luncheon at the Hotel Richmond yesterday evening. After games and dancing, the hostess served refreshments.

## HELD AS 'SLACKER'

BERKELEY, Aug. 23.—William Ross, held as a suspected slacker, is in custody at the Berkeley police station. He was arrested in the West Berkeley yards as a variant suspect, and declared he was twenty-eight years old. He had been in the army for some time, but he registered in Oakland and lost his card. An investigation is being made.

## MAN IS TABBED

RICHMOND, Aug. 23.—Andrew Ferrara is at the Craven Hospital suffering from five ugly knife wounds received last night in a fight at Stege Junction. Dr. Carpenter was called to attend the man and reported his condition to the police who in turn notified the city marshal. A search is being made for Ferrara's assailant.

## ENTERTAIN AT CHURCH

RICHMOND, Aug. 23.—Ladies of the West Side Circle of the First Christian church entertained this afternoon with a tea and social time in the parlors of the church at sixth street and Bissell avenue. The affair is one of a series of monthly entertainments.

## TO HOLD REUNION

ALAMEDA, Aug. 23.—The National Union will hold a social and business meeting tomorrow night. Among the special features will be a reunion of former members, former presidents and other old time members of the Alameda council of the order.

## CANNING PEARS

ALAMEDA, Aug. 23.—The domestic canning of pears of the Alameda high school is about half completed. The Alameda, owner of a pear tree, gave the crop and other Alamedans gave the jars and the sugar. The jars will be forwarded by the Alameda Red Cross chapter to the soldiers at the front.

# BITTEN BY PET, WOMAN TO TAKE PASTEUR CURE

ALAMEDA, Aug. 23.—Mrs. Mattie Young of 2206 San Jose avenue is taking the Pasteur treatment at the University of California for a cat bite. She was bitten by her pet cat, a Persian cat two weeks ago. Examination by the university professors and tests by the bureau of health revealed that the cat had rabies.

Mrs. Young was holding the cat in her arms. The feline was frightened by a dog and during its struggles bit Mrs. Young on the first finger of the right hand.

Mrs. Young is the mother of Mrs. R. L. Marr of 2206 San Jose avenue. Mrs. Young was not especially alarmed when the cat bit her, but she was worried when the cat was turned over to the Alameda health board and the local board enlisted the aid of the university experts.

# DRAFTED MEN TO GET BIG SEND-OFF

RICHMOND, Aug. 23.—All honors will be paid to the drafted men of Richmond when they march to the front. At a meeting of the city council last night Mayor L. Lane made an enthusiastic talk about the duty of the city and the city was properly recognized, and the speech received ready approval from the rest of the council.

Mayor Lane is to appoint a committee to plan for the leave taking. The soldiers will be escorted on their way by a parade and the Richmond Municipal Band. These boys, Mayor Lane, are upholding the honor of the city and their country. They are going without whimpering, bravely as men should serve their country and we are then a debt of thanks. Let us honor them as best we can by every attention before they depart for the battle field.

# HAYWARD GIVEN SITE FOR SCHOOL

HAYWARD, Aug. 23.—Deeds were signed today by John C. Hill, Oakland and Hayward realty dealer, giving possession of a large tract of land to the city for a future primary school. The real estate is a gift to the city, and is taken out of a huge parcel of land which Hill owned in the Pacific Vinegar and Pickle Works.

The deeds were signed after several conferences between Hill and the local school trustees. Hill suggests immediate erection of a large flagpole for which he will dedicate a flag. It is not known at this time when the school's construction will begin. It will probably be a primary institution. The formal realty change will take place Wednesday, when the educational board meets.

## NEED RAISIN LABOR

FRESNO, Aug. 23.—Opening of the "raisin drive" the last but one of California's great harvests, was marked here today by the establishment of a State employment office to place the thousands of workers required for this crop.

Three cents a tray is paid, usually, to the raisin grape pickers. At this time it is estimated that the State can make \$6 a day. Some 15,000 pickers, growers say, are needed to handle the crop, and, according to Charles B. Sexton, superintendent of the employment bureau of the State, adequate accommodations will be available either for single men and women or for families. The work will last from sixty to ninety days, he said.

## MARINES TO PLAY

VALEJO, Aug. 23.—As the Marine Barracks Baseball Club is to have a game in San Francisco next Monday, the All Army nine of the soldiers will play any contest at the Cyclopedia park here Sunday as was scheduled. The boys from the navy yard barracks are practicing daily for the big game in the metropolis and promise to give a good battle to the civilians when they cross bats with the soldiers.

## DEAD ON HIS FEET

GOLD MEDAL Haarlem Oil Capsules will bring new life and quickly relieve that tired feeling. They thoroughly cleanse and wash out the kidneys and bladder and gently carry off the ill effects of excesses of all kinds. The healing, soothing oil soaks into the system and cleanses the kidneys and expels the poisons in your system. Keep your kidneys in good shape by daily use of Haarlem Oil Capsules and you will have good health. Go to your druggist at once and secure a package of the time-honored, world-wide remedy. It is not a "patent medicine." It is passed upon by U. S. Government chemists and declared pure. It is a household remedy for the Dutch. Look for the name GOLD MEDAL on every box. Three sizes. Accept no imitations. Your druggist will gladly refund your money if not as represented.—Advertisement.

## TO CONFER DEGREE

RICHMOND, Aug. 23.—The degree of Bachelor will be conferred this evening on two candidates at the meeting of the Post Graduate Association. The important business matters of the lodge will also be up for discussion. The lodge is making preparations to entertain the conferees of visitors from Oakland and Berkeley.

# SURVEY OF POLICE FORCE POSTPONED

That the scheduled survey of the police department by the civil service board will be held in abeyance pending the outcome of the recall proceedings initiated against Mayor Davies was rumored at the city hall today. It was stated by Secretary Frank Colburn of the civil service board that the survey has not been made, and no arrangements have been made to take up the matter for the time being at least. Secretary Colburn gave no reasons for the postponement, and further denial that the survey has been prepared was made by President Roscoe D. Jones.

In the meantime it was stated today by Attorney Henry E. Skinner of the recall committee that the fifty recruits now at work are obtaining many additional signatures, the number at the present time being approximately 3,500. The recall petition must be filed with the city clerk for verification on September 9.

It has been rumored that I. Harrison Clay, city auditor and assessor, is being groomed as a candidate for mayor in event Mayor Davies is recalled. The rumor was denied by the president of the Chamber of Commerce, has also been mentioned.

# CONSERVATION TO BE LECTURE TOPIC

BERKELEY, Aug. 23.—The University of California is going to arrange for a series of lectures on food conservation problems. President Benjamin Ide Wheeler has recommended that the series be directed by Dr. Charles R. Van Hise, president of the University of Wisconsin, who is the director of the National Conservation Administration, asking the University of California to arrange for special lectures on various aspects of the food conservation movement. President Wheeler has replied that the University will gladly cooperate by arranging for such lectures at Berkeley.

The organization of the conservation movement among the higher educational institutions of the United States is being directed by Dr. Charles R. Van Hise, president of the University of Wisconsin, who is the director of the National Conservation Administration, asking the University of California to arrange for special lectures on various aspects of the food conservation movement. President Wheeler has replied that the University will gladly cooperate by arranging for such lectures at Berkeley.

# LOOK FOR MAN ON BAD CHECK CHARGE

ALAMEDA, Aug. 23.—A quiet hunt for one N. J. Burns, prosecuted under a check fraud law, has been broadcast out into a full alarm since Burns was wanted on an alleged charge of violating Alameda County Ordinance No. 10, which forbids the use of checks. Both his victims announced to date are women and in both cases the amount of the checks was \$100. He bought \$24 of art wares from Mrs. C. H. Higgins, widow of Charles Higgins, and paid for the goods with a check. He bought a similar amount of goods from the Nees Store on Park street and netted \$150 with a bogus check.

Transactions were carried out last week. Burns used the signature of a man named Burns who has a bank account with the Bank of Italy in San Francisco. Burns is a man of about 30 years of age, with dark hair, and is wearing a suit and tie. He is wanted for a check fraud charge.

## FLOWING 'JUICE' DAMAGES PIPES?

RICHMOND, Aug. 23.—That escaping electricity from the tracks of the San Francisco-Oakland Terminal railway costs the Standard Oil Company more than \$100,000 a year in ruined pipe lines was the subject of a meeting held before the city council last evening by the oil officials.

The charge was vehemently denied, and the council put the matter over for more evidence on the part of the company. The Standard Oil Company claims that if the railway tracks near its refinery were properly bonded that this damage would not result.

## OFFICES FILLED

BERKELEY, Aug. 23.—Student offices, made vacant through calls for army duty, are today filled by new men. The Associated Students executive committee has named the substitutes.

John O'Melveny, of the '18 class, succeeded as president of the Associated Students. H. E. Bennett is the new business manager of the Daily Californian vice E. S. Pillsbury, who is in the military service. H. E. Bennett is succeeded as crew captain by R. E. Gardner.

## WINS BENCH, WIFE

LOS ANGELES, Aug. 23.—Russ Avery, known as the bachelor divorcee judge of the Los Angeles Superior Court, appointed last week by Governor Stephens, shipped away from friends here and was married to Miss May Smith of this city at Riverside yesterday. Judge Avery had known his bride for fifteen years.

## TO OPEN CANNERY

CENTERVILLE, Aug. 23.—Preparations are being made here for a general celebration Saturday night to mark the opening of the opening of the P. E. Booth Company's cannery. There will be a free dance as one of the principal attractions. The cannery will be ready for operation September 1 and will take care of the big tomato crop in this vicinity.

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame back, rheumatism, irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not cured by your druggist, will be sent by mail for \$1.00. Give one small bottle in two months' treatment, and seldom fails to perfect a cure. Send for more information. Your druggist will gladly refund your money if not as represented.—Advertisement.

# STATE TO FURNISH 6918 MEN SEPT. 5

California will furnish 6918 men for the national draft army on September 5, when the first batch of the 69,000 men called will be entrained. Adjutant General Burrows announced today.

Burrows figured out the number of men each local board must give, based on 30 percent of its net quota, and today notified each board of the exact number it must furnish. He said these men must be ready for entrainment on September 5. The particular hour of entrainment, he said, will be announced later.

Following is a partial list of the number required from county boards:  
Alameda county board No. 1, 33; No. 2, 34; No. 3, 10.  
San Francisco board No. 1, 99; No. 2, 47; No. 3, 40; No. 4, 79; No. 5, 106; No. 6, 116; No. 7, 89; No. 8, 100; No. 9, 100; No. 10, 101; No. 11, 76; No. 12, 121; No. 13, 84; Oakland, No. 1, 59; No. 2, 67; No. 3, 72; No. 4, 63; No. 5, 68; No. 6, 67; No. 7, 70.  
Berkeley, No. 1, 49; No. 2, 55; San Jose, 32.

# FRESHMEN AND 'SOPHS' TO BATTLE

BERKELEY, Aug. 23.—Preparations are complete for the final struggle Saturday between the "Babies" and the "Sops" at the University of California. When the two classes will do combat on the California Field in the "Freshman and Sophomore" competition, a "tie-up" and a "tug-of-war" will be the order of the day, and the entire University of California will look on as the battle rages.

The contest, which will be under the direction of the "Big C" society, the athletic organization of the university, will take the place of the "tug-of-war" since abolished on the campus. The "tie-up" is a reversion to an old custom, but, under the reform rules, will not be dangerous or develop into a free-for-all fight as it used to years ago when the faculty felt compelled to abolish the affair.

The entire "brawl" will be supervised by athletic coaches and student officers, as the annual "Peace Committee" will be on hand to enforce decorum and to break up any "brawl" which will start at 1:15 o'clock Saturday afternoon. The contest will meet on the campus, the sophomores of North Hall will then proceed to California Field, where the tug-of-war will commence promptly at 2.

Following the tug-of-war, which will take place on the track, the other events will include the jousting match, in which the freshmen and sophomores will take part, and a relay race for 100 men on each side will be the next event.

The tie-up will conclude the day's competition. The men of the two classes will endeavor to throw and their opponents until they are exhausted. The contest will be held on the field. Fifty men will be picked on each side. They will be lined at opposite goals, rushing to meet each other at the center of the field. Coach Christie and Graduate Manager John Stroud will direct the field officials.

# CRAMER TO AUDIT ALAMEDA BOOKS

ALAMEDA, Aug. 23.—W. H. Cramer has been finally engaged by the city council to audit the accounts of the Alameda Book Company. Cramer is the third man who figured in the selection of an official city expert to audit the accounts of the city. The first two men were rejected by the council from certified accountants to do the required work. City Manager C. E. Hewes recommended the appointment of William D. Dolge for the work. Dolge had a higher bid than several others and the council voted to appoint him. Cramer, a certified accountant, finally chosen.

Cramer is a well known Alameda resident and a San Francisco certified accountant. He has been in the city for some time. The Dolge bid was \$75 a month and the Alameda bid was less than \$50. There will be a monthly audit of the city accounts. The Dolge bid was \$75 a month and the Alameda bid was less than \$50. There will be a monthly audit of the city accounts. The Dolge bid was \$75 a month and the Alameda bid was less than \$50. There will be a monthly audit of the city accounts.

## WILL GO TO JAPAN

BERKELEY, Aug. 23.—Ernest W. Chapman, son of the Rev. and Mrs. W. Chapman of 2407 Atherton street, leaves for Japan early in September following his studies at the University of California. He is a graduate of the University of California with the class of 1911.

## SCHOOL ACCEPTED

ALAMEDA, Aug. 23.—The board of education has accepted the new school in the east end and the new structure will be put to use as soon as the building is completed. The cost of the building was \$75,000. The plan includes the later addition of more classrooms if needed, without extra expense for heating, lighting and ventilating plants.

## OFFICES FILLED

BERKELEY, Aug. 23.—Student offices, made vacant through calls for army duty, are today filled by new men. The Associated Students executive committee has named the substitutes.

## WINS BENCH, WIFE

LOS ANGELES, Aug. 23.—Russ Avery, known as the bachelor divorcee judge of the Los Angeles Superior Court, appointed last week by Governor Stephens, shipped away from friends here and was married to Miss May Smith of this city at Riverside yesterday. Judge Avery had known his bride for fifteen years.

# MRS. C. L. HOYT OF BERKELEY IS W. R. C. OFFICER

BOSTON, Aug. 23.—Orlando Sumner, of Kokomo, Ind., was today unanimously elected commander-in-chief of the Grand Army of the Republic in convention here.

Buena Vista, Ore. won over Atlantic City as the place of next year's encampment.

The selection of senior commander went to Major-General John Cramer, U. S. A., retired, of famous "Chickadee" boy of Chickadee.

Mrs. Louis M. Knauft, of Cleveland, is the new head of the National Woman's Relief Corps, and Mrs. Carrie L. Howett of Berkeley, Cal., senior vice-president.

# WOMEN NAME U. C. COMMITTEES

BERKELEY, Aug. 23.—Committees to handle the work of the Associated Women Students of the University of California have been named. The committees are now in the course of formulation and active preparations were started to report to the carrying on of the work of the university women.

Tuesday morning meetings will be held every Tuesday afternoon. The committees and the budgets for the various women's activities will be in the hands of Ella Barrows, in charge of the estimates for the term, next Tuesday.

The following are the women's new committees:  
Leslie Brown '18, Parthena manager; Mary Lipman '18, A. W. S. loan fund; Marian Peairs '18, song leader; Helen Ellis '18, chairman of the political committee; Marian Chandler '18, chairman of the house committee; Alice Tarry '18, chairman of the welfare committee; Vera Christie '18, chairman, Edith Carlton '18, Marian Chandler '18, Helen Ellis '18, Gladys Windham '18, students' affairs committee; Alice Tarry '18, Helen Ellis '18, Gladys Windham '18, students' affairs committee; Alice Tarry '18, Helen Ellis '18, Gladys Windham '18, students' affairs committee.

## PLAN RATE MOVE

BERKELEY, Aug. 23.—Arrangements have been completed for having the Berkeley chamber of commerce presented before the Railroad Commission of California when the application for increased ferry rates is presented. The plan conforms with the action adopted in which it was recommended that the services of Attorney R. D. Marx of Berkeley be retained to present the case before the commission.

The hearing before the Railroad Commission has been set for September 6, at which time it is expected that the Berkeley chamber of commerce will present its statements and arguments in support of the petition for increased tariff.

## FOR WAR ORPHAN

BERKELEY, Aug. 23.—A second war orphan will be adopted by French students in the Berkeley high school. A fund of \$12 is to be raised for the orphan, and the students will be asked to contribute to the fund.

## SMOKER PLANNED

BERKELEY, Aug. 23.—The smoker to be given by the Berkeley Chamber of Commerce for the entertainment of its members and their friends next Tuesday evening will offer some attractive features. The supply of pipes and tobacco will be unlimited. Speaking must be brief and to the point, and some well known citizens will give the address of the evening.

## GREGORY TO TALK

BERKELEY, Aug. 23.—Warren Gregory of Berkeley, who served with Herbert Hoover in Belgium, and who in his work in Belgium had witnessed the people of that country had unexcelled opportunities for witnessing the war scenes, will give an address at the meeting of the Berkeley Hills Club's reason next Monday evening. The lecture will deal with the experiences among the Belgians, the English and the French with the side lights on German officialdom in Belgium. The lecture will be illustrated.

## CLASSES TO MEET

BERKELEY, Aug. 23.—The first student class meetings at the University of California will be held tomorrow morning at 11 o'clock, when the freshmen will gather at 101 California hall, and the sophomores at 110 Wheeler hall, and the juniors at 113 South hall, and the seniors at 113 South hall.

# CLOSING OF CAMP WORK CAUSES BIG LOSS

## U. S. ACTION AT FREMONT MENLO BLOW

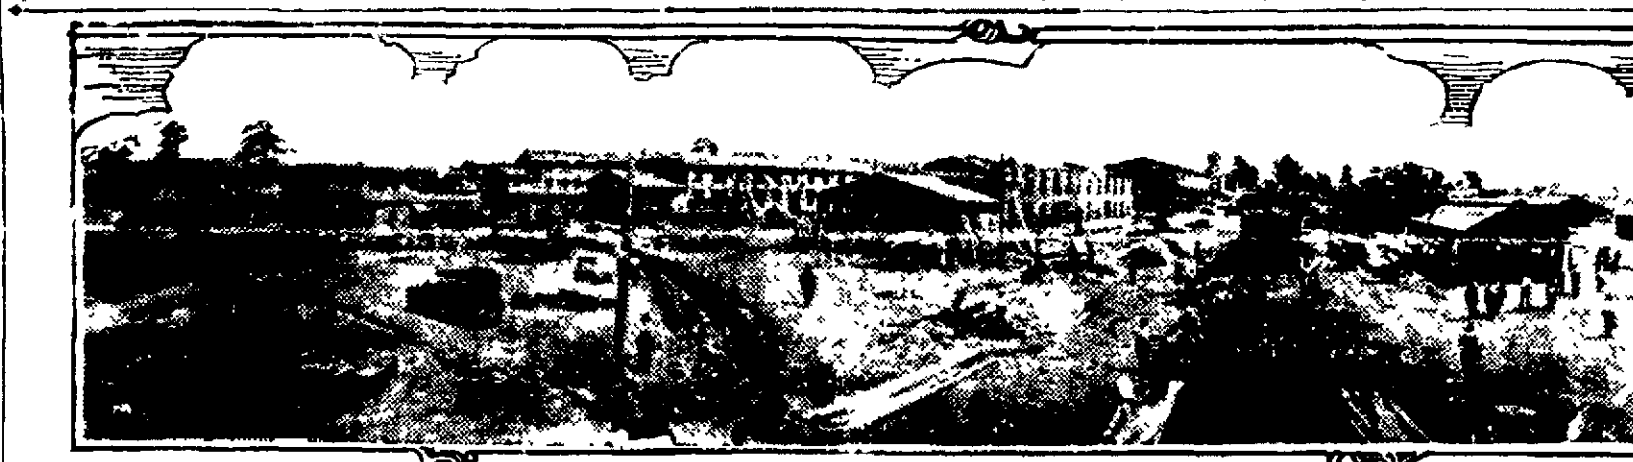

CAMP FREMONT, MENLO PARK, Aug. 23.—Orders from Washington for immediate resumption of construction on the base hospital here were received today. It was reported. No official confirmation was obtainable. Army officers here were unable to say whether the camp for training of National Guardsmen from Oregon, Washington, Montana, Idaho and Wyoming would be permanently abandoned in view of the orders to proceed with work on the base hospital.

MAY BE USED LATER  
WASHINGTON, Aug. 23.—Definite orders to transfer the Forty-first guard division to Charlotte, N. C., were issued by the War Department today. They had originally been ordered to Camp Fremont, Menlo Park, Cal., but the fact that the New England national guard division is going abroad left the Charlotte camp open while there were difficulties over the sewerage system at the Menlo Park camp.

The shift East indicates that the war department probably intends to send the northwesterners—Washington, Montana, Oregon, Idaho and Wyoming—abroad among the earlier contingents. It is by no means certain, however, that it will constitute the third division.

Secretary Baker informed Senator Phelan of California that later the Menlo

Camp Greene, Charlotte, North Carolina, to which California and western army will go for training if Camp Fremont is abandoned.

Park camp might be used for other forces from the northwest.

### ALL WORK IS STOPPED

CAMP FREMONT (Menlo Park), Aug. 23.—Not a hammer was lifted today on the partially constructed buildings on the cantonment grounds following the paving off last evening of eighteen hundred workers in obedience to orders from Washington, suspending work on the camp equipment. The effect of the sudden cessation of activity has been a remarkable dismay in Menlo Park where thousands of dollars have already been expended in private business enterprises by people who were planning upon the custom of the thousands of young men in training. Many pieces of ready had changed hands and contracts for buildings had been let. Now all these plans will have to be abandoned.

The exact reason why the war department decided to stop work on Camp Fremont after nearly \$300,000 has been expended upon it is as yet unknown here. The ostensible reason is that the San Mateo health officers demanded the installation of a complete sewage system, which the war department considers unreasonable and unnecessary for a temporary camp. There are indications, however, that

the abandonment for the time being of Camp Fremont is due to a change in the plans for training. It seems certain today that the Forty-first National Guard (composed of troops from Washington, Oregon, Montana, Idaho and Wyoming) will be sent to Camp Greene, at Charlotte, North Carolina for quick training as the third contingent to be rushed to the battle line. Camp Greene was prepared for the Twenty-sixth National Guard, composed of New England troops which have since been assigned for early duty in France.

The disagreement over the sanitary arrangements did, however, have an important part in the decision. A recommendation for general purpose sewers was made by Captain W. G. Fleischhauer, construction quartermaster, soon after his arrival here. The original plan was to install no sewers whatever, but this was later modified.

The department planned an open latrine pit system of toilets instead of the pipe flush system into the bay. The pipe system, it was explained, would have cost about \$15,000. During the Spanish-American war, officials pointed out thousands of troops were encamped within the city limits of San Francisco and that the latrine construction usual for temporary camps was held by the

city authorities as sufficient safeguard for the health of the community.

When the dispute first came up, John S. Dunningham, clerk of the San Francisco Citizens' Committee appointed by Mayor Ralph to assist the government in the cantonment work explained last night, the committee offered to put in the sewer system by public subscription. The plans were authorized, he said, and the pipe ordered.

President George Ehrlich of the State Board of Health said today that the board is against the latrine system and will oppose it to the limit. It menaced the water supply of the towns near the camp, he said, because of the porous nature of the soil.

Discussion of the matter began over two weeks ago. Senator Phelan wired the committee about a week ago that it was all settled and that the sewer would be put in.

General Liggett visited the camp yesterday and inspected the two thousand men now here. He has been in favor of the pipe system, and said that he would not permit troops to come into the camp in large numbers until such sewers were installed.

EXPENSE USELESS.  
An officer of the army general staff is reported to have explained in Washington that it has been decided that inasmuch as Camp Greene has been completed and will not be long occupied, the department considered it useless to incur the expense of fitting up a new camp for the division assigned to Camp Fremont. The change in plans, he said, would mean a saving of half a million dollars.

It is reported that the contingent of New England troops commanded by Major General Clarence Edwards will be sent to France either immediately after or before the "rainbow" division commanded by General Mann. This means the early evacuation of Camp

Greene which will then be idle unless the forty-first division takes possession.

## Camp Lewis Soon to Be Ready For 46,000 Soldiers

TACOMA, Aug. 23.—When the first installment of raw material of the national army-to-be arrives at Camp Lewis, the American Lake cantonment, its housing will be ready for it, from all indications today. Lying on the brown prairie in the approximate outline of a bell, two miles long and a mile and three-quarters across the center, with the parade ground in the center, the huge army city—the largest of the 15 cantonments—is taking on the visible shape in which it is soon to be the home of 46,000 men from Alaska, Washington, Oregon, California, Montana, Utah, Idaho, Wyoming and Nevada.

Nine weeks ago the prairie was empty. Today barracks to house thousands of men are finished, beds are being set up in the first of the hospital buildings before the last have been begun, warehouses are bulging with clothing and food and more is coming in carloads every day, stables for thousands of horses and mules are practically ready, and a battery of ovens, capable of turning out 25,000 loaves of bread a day has been set up.

Ten thousand workmen are on the job now, and buildings are rising so fast that men who have been away for a day have literally been lost among the new output when they returned.

Major General H. A. Green, who will command the Ninety-first division, as the American Lake force will be called, is expected within a few days.

## Aviator Falls 200 Feet While Racing Train

SAN MATEO, Aug. 23.—While racing in an airplane with a Southern Pacific passenger train near San Carlos today, Paul Scheeline of San Francisco, a student aviator at the Christofferson aviation school, fell 200 feet in his airplane. The train stopped and startled passengers who had witnessed the accident took him, unconscious, to the Red Cross hospital here. He was found to have a dislocated hip, but to be otherwise unharmed.

## HEARST TO BACK JOHNSON, RUMOR

WASHINGTON, Aug. 23.—Arthur Brisbane, in the Washington Times yesterday, said:

"You have heard of white blackbirds and honest graft. Did you ever hear of a real radical Republican candidate for President?"

"There is one in sight, and his name is Hiram Johnson. If he does not know that he is the natural candidate for the Republican in nineteen-twenty, let him learn it here. Hiram Johnson's speech in the Senate is the thing that intelligent men in this country are discussing. Put a man with that kind of talk back of him at the head of a national ticket and it will take something to beat him."

"If Hiram Johnson will leave aside facts and fancies and prohibition and other hypocrisy and the various talking horses of William J. Bryan and come out, as in that speech, for putting the national load on the backs of those whom the nation makes rich—the Democrats will do a good deal of hustling between now and 1920."

Official circles here believe that Brisbane's endorsement means that Johnson will have the support of the Hearst newspapers.

## BENICIA FIRE CAUSES LOSS OF \$10,000

BENICIA, Aug. 23.—Fire of undetermined origin destroyed a warehouse in the Robertson shipyard this morning, threatened two vessels under construction and caused \$10,000 damage before it was placed under control by builders, volunteer firemen, and 200 men from the Benicia Arsenal. Officials at the yards were unable to explain the cause, and ventured an opinion that it might have been spontaneous combustion. A large amount of spun oakum and valuable timber was destroyed by the flames. Although appeals were sent out to the Vallejo fire department it was found later that the volunteer firemen were able to cope with the blaze without outside aid. No injuries or fatalities were reported. An investigation will be carried on by the shipyard officials to determine the origin of the blaze.

## FIRE ON CYCLIST

Revolver shots fired by patrolmen in East Fourteenth street, Benicita, early this morning, failed to halt the rider of a motorcycle who was speeding toward town, and who was suspected of having stolen an automobile robe from Eline Lenoir, O'Farrell street, San Francisco. The cyclist came out of a roadhouse in Dublin canyon and emerged in time to see the cyclist take his robe and speed down the highway. He telephoned to the police in Oakland and a watch was set for the thief. The cyclist was stopped at a roadhouse on Fourteenth street, Patrolman C. Anderson attempted to halt the rider. No attention was paid to his command and he fired two shots at him. Yet, he sped on, and at the fourth avenue, Patrolman J. F. sought to intercept the rider, shot one shot. He had the same result. Patrolman Anderson and the motorist cyclist made his escape.

## TO TALK AT CLUB

Miss Marguerite Orden, one of the members of the board of education, will be the guest speaker at the Mothers' Club tomorrow afternoon. The program there will be an informal one in honor of the three new teachers who have been added to the faculty. For the benefit of the fund which gives clothing and shoes to the needy children in the school, the club will serve a "home-cooked" dinner on Thursday evening, August 30. Five courses will be prepared by the mothers themselves.

## WRECK DELAYS

A freight derailment in the San Joaquin valley held up the Southern Pacific's crack train known as the Owl today, and passengers from Los Angeles did not arrive at Oakland pier until 2:20 this afternoon. Complete information was not at hand but no fatalities were reported to the local divisional heads here. The Owl ordinarily arrives in the early morning.

## GIRL IS MISSING

Mildred Kelley, an 18-year-old girl who recently came here from Goldsboro to live with her sister, Mrs. May Edwards at the Hotel Sutter, has been missing since last Monday and the police today were asked to assist in searching for her. Miss Kelley has been employed as a telephone operator at the physical emergency office, 2833 Webster street.

## SWIMMING POOLS TO BE LICENSED

That every public swimming pool in the state of California will, in future, be compelled to take out a permit from the State Board of Health, comply with basic laws in regard to sanitation, and submit to regular inspection is the order from the offices of C. C. Gillespie, head of the sanitary engineering board of the state, with offices at the University of California. Fifty pools and baths have already applied for these permits. This sweeping reform, designed as a potent factor in the eradication of disease and checking of a hitherto uncontrolled way of spreading infection, is the result of a law passed at the last legislature which gives the head of the department authority to proceed with the work. All swimming pools, to obtain licenses, must install showers, that bathers may be washed before entering the tanks must provide for the sterilization of towels and bathing suits, and must conform with new rules as to cleaning tanks, changing water and general sanitation. Dr. Gillespie plans a thorough inspection this year of all public baths in his jurisdiction, including bath houses, so-called "beaches" pools, open air pools, C. C. A. tanks and other tanks and plunges, and even Turkish baths maintaining pools. A corps of assistants employed by the state will work under his direction.

## TRIED HARD TO LOVE DECEMBER—FOR TWO DAYS

ENGLEWOOD, N. J., Aug. 23.—It might be proper to describe the marriage of Mrs. Frances Goodwin Morgan, age "about 20," and her husband, who is 60, as a "December and May" sort of union—but Mrs. Morgan wants it widely understood that she was not the December part of the family.

The young woman, who is laying plans to fight her husband's suit for annulment of their marriage—they lived together two days—quite spiritedly stated this today.

"Mr. Morgan does me a great injustice when he says that I was December and he was May," she said. "It's just the other way. He's 60 and was very old and unattractive. I am scarcely 20 and tried to love him very much the two days of our honeymoon, but he repulsed me."

Mrs. Morgan said her husband suddenly disappeared after the second night of their marriage.

Ask The TRIBUNE

## CLAIMS DAMAGES

W. M. Gregory filed suit yesterday against the San Francisco Oakland Terminal Railway Company for \$20,152.50 for injuries which he suffered in a street car crash at Thirty-eighth avenue and Foothill boulevard July 30.

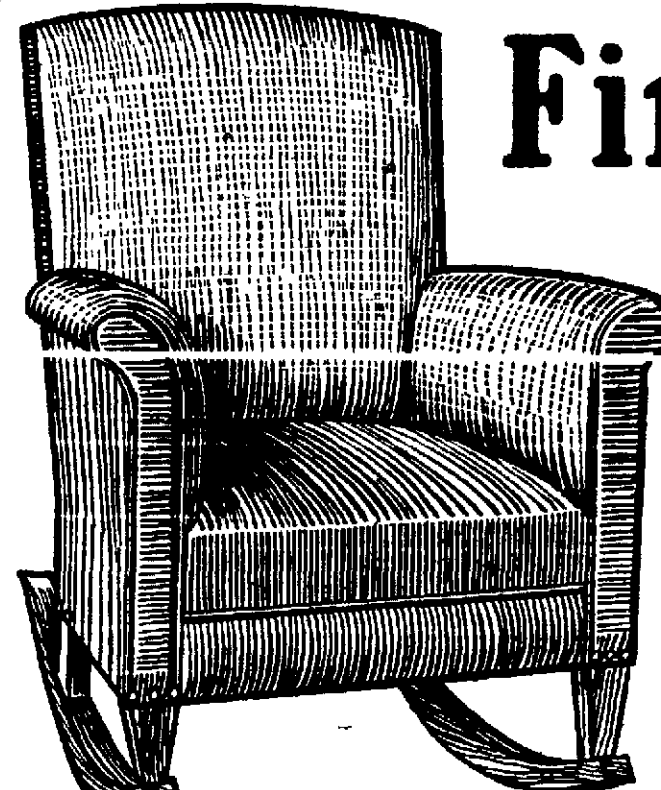

Gregory claims that at the time of the accident he was riding in an overloaded Thirty-eighth avenue car and that while his car was crossing Foothill boulevard a car on that line crashed into his, overturning it, breaking several of his ribs and inflicting other injuries. As a result he says he was confined to the hospital for two weeks. He is a collector and in his complaint states that his injuries were of such a nature as to materially diminish his earning capacity.

## MAY HEAD ROAD

PORTLAND, Ore., Aug. 23.—William Sproule, president of the Southern Pacific Company, is considered the probable successor of A. J. Earling as president of the Chicago, Milwaukee & St. Paul road, according to gossip in railroad circles here today. Earling, it is understood, is to become chairman of the board for the Milwaukee system and several possibilities are suggested as his successor, principal among them being Sproule and H. E. Bryman, operating vice-president of the Burlington. The Milwaukee directors will meet in New York early next month and probably will make the selection. Sproule has been president of the Southern Pacific nearly six years.

### Barrieau's Title Saves Him From Defeat in Draw Decision; Baiting Ortega's Style Should Beat Ritchie

#### Record Breaking Crowd of Fans at Emeryville

Upwards of 6000 fight fans who packed into the Emeryville arena last night for the biggest crowd in its history are today satisfied that Willie Ritchie stands a good chance to do a come-back and climb up among some of the topnotchers once again. Not that Ritchie can ever get back to the lightweight division again, and not that he will ever be a world champion in the welter or middleweight division—but his showing against Frank Barrieau in the main event of the Emeryville club show last night stamps Ritchie as in line to make trouble for some of the best boys in the west who fight above the 145-pound mark.

Ritchie was given only a draw by Referee Bob Shand, the other judges being elated for the main event last night and the decision left solely up to Shand. The decision seemed fair enough considering the fact that Barrieau had a title at stake that it was hardly fair to take away by the narrow shade advantage that the former world champion had in two out of four rounds. Against anybody but a man with any kind of a title to lose, Ritchie would have probably been declared the winner last night; but the draw decision hurt nobody, for Ritchie showed that he stands a good chance to make good on his come-back threats and Barrieau cannot wait that his coast welter and middleweight championship was lost to him because of any questionable decision.

Pack 6000 fight fans into any fight arena and there is bound to be a war of wits if a draw decision is given. Fight fans like to go home knowing that one man has won and another has lost—a draw decision in a main event is about as unsatisfactory to the fans as to the fighters. But this looks like one case where a draw was justified. If Ritchie had been given the verdict, Barrieau would have ceased to be a drawing card around the bay, and if Barrieau had been given the decision, Ritchie's attempt to do a come-back would have received a fatal setback, for Barrieau would cease to be a drawing card. And with bouts with Baiting Ortega and possibly Joe Rivers coming up in the next few weeks, fight fans could not ask to have Ritchie suffer that setback.

**BARRIEAU IS SLOW.**  
Barrieau did not fight consistently through the bout. He seemed like a man who knows he is up against a better man and must fight carefully. Had Barrieau gone in there and rushed his man after the first round, he would have had such a big lead over Ritchie that the one-time world champion would have been forced into the retirement that he was talking of a few weeks ago. After the first round it was easy to see that Ritchie did not have the punch to hurt Barrieau. Barrieau himself was showing more of a punch than he had shown around the bay before.

But Barrieau would not use his punch; it seemed to surprise him as he did anybody else. He would rush in and then appear to be completely sewed up by Ritchie's counter-attack. The result was that time and again when Ritchie as though a rally was in sight, Barrieau would rush in and slip both arms around Ritchie's waist and hang on. When Barrieau prevented Barrieau from cutting loose with the rushing style of attack that might have won for him.

**IT TOOK BARRIEAU ONE ROUND TO GET STARTED.**  
In the first round Ritchie came with a rush and twice landed a telling left to the chin, and Barrieau served up all through the round and Frank never had a chance to get in with any aggressive work. In the second Barrieau seemed to gain a little confidence in himself and by three rushes early in the round took a slight lead that gave him a shade for the round. Barrieau shot in the over-the-top three times to Ritchie's head and it he had only loved up his advantage it might have been a different story.

Barrieau's failure to follow up in that second round lost him his chance. For Ritchie closed in on him towards the end of the round and landed a wicked left to the stomach in the clinch. When Ritchie found that old stomach weakness of Barrieau's, the turning point of the bout came.

**BARRIEAU'S OLD WEAKNESS.**  
Ritchie did not land enough in Barrieau's stomach to do any harm, but the fact that he landed in the clinch at the end of the second round seemed to slow up Barrieau even more, and for the rest of the fight Barrieau's chief aim seemed to be to keep Ritchie away from the stomach.

In the third round Barrieau had another chance which he failed to follow up. He hurt Ritchie with a right to the stomach, but neither man seemed disposed to force the fight in that round. Each seemed to know that he was weak in the stomach and wanted to take no chances. The third round ended even, but in the fourth Ritchie came faster than Barrieau, who seemed content to do no forcing himself and to try to break up all of Ritchie's attacks by clinching. Ritchie had a shade in the first round, Barrieau had a shade in the second round; the third round was even; and the fourth round was Ritchie's by a shade, not because of his own work but because Barrieau's weakness was not fight.

**CAMP DEMANDS 150 WEIGHT.**  
Baiting Ortega will probably be Ritchie's next opponent, although Eddie Camp against Willie Hoppe or Joe Rivers next Wednesday night may come along before Ritchie shows again. Camp was last night with the announcement that he will meet either Hoppe or Rivers at 155 pounds weight. It is not likely that either will make 155 inside, so Matchmaker Tommy Simpson may dig up somebody else to put on against Camp.

But when Ritchie fights Ortega, Ritchie must fight a different style. For Ortega is in there all the time, digging in for all he is worth and making all kinds of chances. That kind of fighting would have beaten Ritchie last night, but Barrieau could not see it and let Ritchie bring the fight in him. When Ritchie brings the fight in him, it is so easy to go the long way, and the bout is likely to be marked by more action than was seen in the Barrieau fight.

**GLEASON DESIGNED TO WIN.**  
There was a fairly good card of pre-

### THREE HOLDOVERS BILLY LANE LEADS BOOST FOOTBALL LEAGUE IN STOLEN STOCK AT U. C.

The sun is just beginning to shine on the football prospects at the University of California. A big rally was held at the Berkeley institution yesterday and great batches of boys signed up for the gridiron army, but better news than that is to be found in a couple of unexpected arrivals on the campus. Gordon, the big tackle, who was star on last year's squad, is back on school. Johnny Stroud had already given Gordon up for "lost in the draft" when the big negro boy turned up at the graduate manager's office looking for a suit. Stroud referred him to Charley Voltz and rushed to tell the news to the papers. Only a little later came the news that Danny Foster, fullback and one of the stars of the team last year, would shortly be here from his home in Portland. With "Dummy" Wells last year regular Stroud has three real star varsity men to form a nucleus for his eleven.

Behind these men will have several of the men who worked occasionally last year in varsity games. Paxton, the big tackle, Hansel and Bell, who were scrapping over the center position with the "Goats" last season, are both available. Billy Lane, who captained the Junior team last year, Johnny Moses, who stayed with the varsity squad all last season, and back school Johnny Stroud. Several of the boys who played on last year's Freshman team look good for varsity material this season. Ron Shook, a backfield position, Gifford is a good man at end and Bates will also try for varsity. Gifford is a backfield position, Gifford is a good man at end and Bates will also try for varsity. Gifford is a backfield position, Gifford is a good man at end and Bates will also try for varsity.

**FIGHT RESULTS.**  
Willie Ritchie and Frank Barrieau fought a draw. (Malone deserved the decision.)  
Frankie Denny won decision from Jack Clark.  
Johnny Arrouzeau fought a draw with Johnny Arrouzeau. (Gleason deserved the decision.)  
Kid Herman won decision from Young Joe Gans.  
Young Sharkey won decision from Lefty McClure. (draw would have been a better decision.)  
Eddie London won from Jimmy Mitchell in second round, when the referee stopped the fight.

liminary bouts, but the fans had been spoiled by the topnotch preliminary of the week before and last night's bouts were inclined to be tame compared with those of the week before. There were several substitutions on the card, but they were all because the men scheduled to fight did not show the condition that gave promise of them putting up good fight.

Johnny Arrouzeau had the closest call of his ring career in some time when he was hit by a right hand from Gleason and knocked him for four rounds. Gleason fought a far cleaner fight than he has in previous showings and won many friends. He was the best of the boys as a draw on the strength of a strong finish that Arrouzeau made in the second round and because he landed the cleaner blows in the third. But Gleason had a big enough lead on straight-away boxing and in-and-out work in the rest of the fight to outlast him to the decision.

**DRAW HURTS MALONE.**  
Last Oakland vs. West Oakland squabbles failed of settlement when Young Azevedo was given a draw with Frankie Malone. Azevedo was inclined to be wild and rough, but his willingness to get in and rough things along towards the end of the bout won the favor of the judges. The judges saw the best only as a draw on the strength of a strong finish that Arrouzeau made in the second round and because he landed the cleaner blows in the third. But Gleason had a big enough lead on straight-away boxing and in-and-out work in the rest of the fight to outlast him to the decision.

**WALTHOUR IMPROVING.**  
Paris, Aug. 24.—The condition of Bobby Walthour, the American bicycle racer whose skull was fractured by a fall in a race on Sunday, has improved slightly. He has recovered consciousness.

For nine before the first round finished, Landon found Mitchell's stomach at the very start of the second round, and although Mitchell was willing enough he could not stand the gaff and Landon was hitting him anywhere when the fight was stopped.

**SINGS FOR RED CROSS.**  
Al Johnson, comedian, furnished a little diversion just before the main event by throwing a party for the Red Cross on condition that Pat Lane would sing. Lane finally agreed and several more dollars were thrown into the fund. Johnson was one of the judges up to the final event; Jack Brown and Bob Shand had the judge's job this week. For the main event however, the judges were done away with and the old story of a referee giving the decision was adopted.

### Preliminary Plans Already Being Discussed For Winter Ball League

#### Cliff Blankenship Will Enter a Team of Stars

Cliff Blankenship back in a baseball uniform playing on the same club with some of the best of Coast League and Eastern League baseball talent—that is but one of the treats that lies in wait for the east bay baseball fans during the coming winter months, if the indications from this distance hold good for the revival of the Midwinter Baseball League on a bigger scale than ever before. According to the proposal of The TRIBUNE to get some kind of a definite working plan mapped out by the end of the month, there will be a meeting within the next two weeks of those interested in the Midwinter League in past seasons, and others not previously affiliated with the movement will also be on hand to give their suggestions.

Working on the theory that in the case of the Midwinter League, where players are with one club this year and another club next year, and where trophies won by a club mean little or nothing to the players, the TRIBUNE will hang up several individual prizes for the members of the winning team this season. Other business interests about the city and various baseball fans interested in the formation of the league will also fall in line and hang up prizes and trophies so that the league from this distance looks like the best ever, not only in players and number of teams, but also in the incentive given the players to get in and play their best.

**STARTER FOR THE LEAGUE.**  
With the Bay Cities Commercial League now organized and making baseball history in its remarkable success, it seems a nucleus for the Midwinter League. That reason the first discussion of plans for the winter organization will be at a special meeting of the Commercial League directors next Thursday, at which others will be invited who may be interested in the Midwinter League. The Commercial League will furnish at least three or four of its present clubs as a starter for the Midwinter League, and Cliff Blankenship is only one of several others who are already talking of getting out and entering clubs in the league.

**PLENTY OF GOOD MATERIAL.**  
There is a wealth of material for the league this year, and if enough playing fields can be secured there may be considered a proposal to break the league into two divisions, each of six or eight teams. Present indefinite plans, however, call for one league of eight clubs, for difficulty in securing more than four playing fields available for Sunday games is anticipated.

Of the present Commercial League, the Chevrolet outfit, the Hall & Scott team, and possibly Best Brothers, the Maxwell Hardware club and the Standard Oil club are expected to fall into line quickly as willing to continue their play in a winter Sunday league. The Commercial League does not end its play until well along in October, but its games are played on Saturday, so there would be nothing to prevent the winter league starting before the Commercial League closes. For the two or three weeks that the Commercial League games on Saturday are played, the winter league would be available for the first games in the Winter League, and it is a clinch that the Winter League will be well filled with stars from professional ball.

At present the plans are far from being definite, but at the meeting with the Commercial League directors a week from today some definite suggestions will be available. The number of clubs of teams which will be ready to get into the Winter League play. While the meeting is one primarily of the Commercial League directors, all baseball fans interested in the Winter League are urged to be on hand to join in the discussion.

At the meeting The TRIBUNE will be glad to publish any suggestions from the baseball fans, players or managers who may have ideas to express on the Winter League. The more suggestions that are made now the more definitely the league will be organized when play is started. Send along your suggestions to watch The TRIBUNE for the other fellows' ideas, and then be on hand next Thursday to take part in the discussion of all the suggestions that have been made.

For the Winter League is going through with a rush this year, and it is some time before a bigger scale than ever. It may seem to be a bit early to start talking of it now, but with the Commercial League at its height now the interest is ripe for consideration of all the suggestions that have been made.

There is a wealth of material for the league this year, and if enough playing fields can be secured there may be considered a proposal to break the league into two divisions, each of six or eight teams. Present indefinite plans, however, call for one league of eight clubs, for difficulty in securing more than four playing fields available for Sunday games is anticipated.

### SPEED MARTIN JOINS OAKS NEXT WEEK

Speed Martin, local boy who was a sensation with the Oaks last year, will rejoin the Oaks next week in Salt Lake, having been secured from the St. Louis Nationals. He refused to report to the White Sox early in the season after he was sold to Chicago last fall. After a few weeks in the Trolley League, Martin was turned over to St. Louis by Chicago, but has not been able to get going right in the big brush.

### Oakland Cyclists in Shellmound Race for Coast Championship

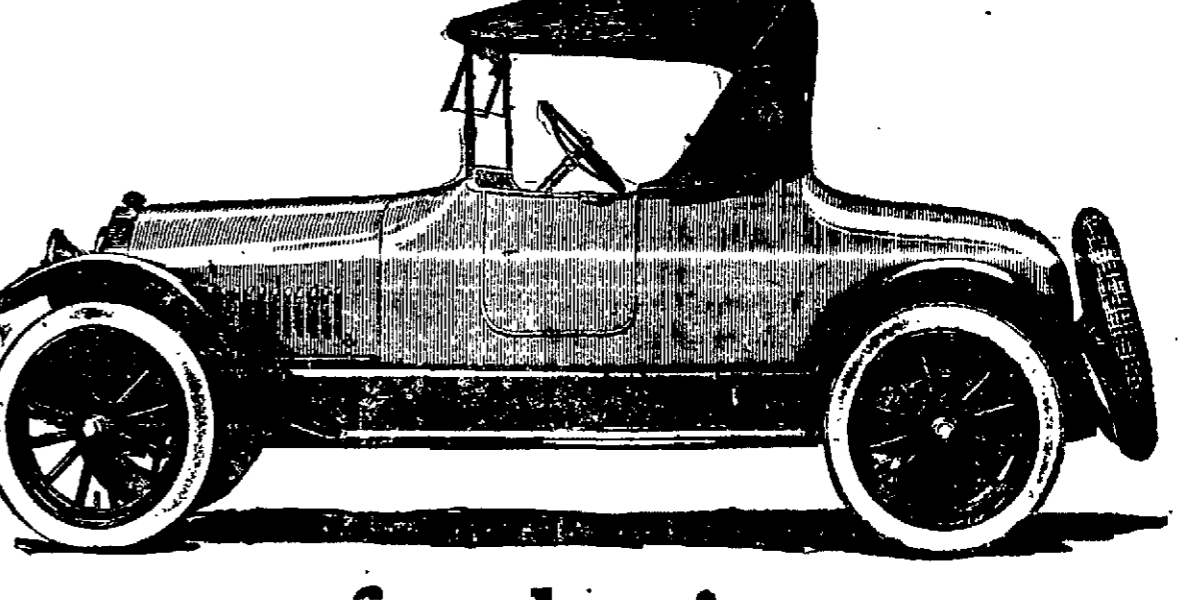

The best cyclists in the bay cities will be seen in action next Sunday at Shellmound. The Oakland Cycling Club will enter more than ten thousand Irish men and women at its annual picnic and gathering.

The feature event of the outing will be the one mile Pacific coast bicycle championships and with star peddlers from the Oakland, Olympic, New Century, Bay City and Garden City wheelmen ready for action the event promises to be a thriller. There is a handsome trophy at stake for the race.

The special relay arranged for Irish football and hurling clubs is also attracting great interest. The Geraldines of Oakland, a practically unbeatable team, Young Ireland and O'Connell clubs of San Francisco, and the formidable Crockett team will all be represented.

John Devereux is chairman of the committee in charge.

A preliminary discussion. For present the movement will be confined to a general discussion with possibly a committee to map out more definite plans. But don't miss the first general discussion at next Thursday's meeting. The time and place and other details of the meeting will be announced later.

## — for business

Many concerns have found that providing Studebaker Roadsters for their representatives is a wise and profitable investment.

It increases efficiency because it enables each man to cover wider territory, see more customers, turn in more business.

Its handsome, dignified appearance adds to the prestige of the house.

The Studebaker Roadster is probably the most economical car of its kind in the world.

One of America's largest public service corporations, after an exhaustive test of several makes of cars, extending over a period of three years, has installed a fleet of 35 Studebakers because its figures proved that Studebaker cars actually cost less to operate and maintain than any other make of car.

Standardize your equipment, use Studebaker Roadsters, guaranteed for twelve months by Studebaker.

Prices advance September 15th. Order now and save money

# NEW COAST MARK FOR THIRD HEAT IN 2:14 TROT

FERDALE, Cal., Aug. 28. — Virginia Barnett took three straight heats in the 2:14 trot here at the opening meeting of the California Fair and Racing association. She established a record for the third heat in that class race on the Pacific coast, making the distance in 2:14.

The summary:

2:14 trot, purse \$400:

Virginia Barnett ..... 1 1 1  
Eloise Bell ..... 2 2 2  
Times: 2:14, 2:10, 2:14.

2:11 pace, purse \$400.

White Sox ..... 1 1 1  
Pete Harrison ..... 2 2 2  
Teddy Bear ..... 3 3 3  
Eloise Bell ..... 4 4 4  
Times: 2:08, 2:08, 2:10.

Half mile running.

Alice Teresa, won; Tom Woods, second; Two Step, third. Time, 1:50.

Five-eighths running.

Alice Teresa, won; Von Dillon, second; Port Getty, third. Time, 1:04 1-4.

**SINGLE G IS BEATEN.**

PHILADELPHIA, Aug. 28. — Single G, Fred Jamison's pacer by Anderson Wilkes, suffered his first defeat of the season yesterday when he was beaten by Miss Harris M. in three straight heats in the free-for-all pace, the feature event of the third day's card of the grand circuit meeting at Belmont track. The third heat was stepped in 2:02, a new track record.

The summary:

2:15 class, pacing, purse \$2000, 3 in 6.

Marjorie Kay, b. m., by Esq H. K. Kay, dam Helena Todd (Co.) ..... 1 1 1  
Pocoman, br. s. (Murray) ..... 2 2 2  
Spy Direct, b. s. (Geers) ..... 3 3 3  
Also ran: Bubbles, Joe Hurt.  
Time: 2:08, 2:14, 2:07.

Free-for-all class, pacing, purse \$2000, 3 heats.

Miss Harris M. b. m., by Peter the Great, dam Mary Allen Stout (McDonald) ..... 1 1 1  
Single G, b. s. (Jamison) ..... 2 2 2  
Russell Boy, b. s. (Geers) ..... 3 3 3  
Time: 2:08, 2:08, 2:02.

Three-year-old trotting class, purse \$2000, 2 in 3.

Bertha Maguire, br. f., by The Harvester, dam Bertha Mack (Ackerman) ..... 1 1 1  
Worthy Peter, b. s. (Tyron) ..... 2 2 2  
Cum Laude, ch. f. (Serrill) ..... 3 3 3  
Also ran: Harvest, Ed. Top.  
Time: 2:14, 2:09.

2:09 class, trotting, purse \$1000, 3 heats.

Sister Strong, b. m., by Strong Boy, dam Sister Stronach (Valentine) ..... 1 1 1  
Bresciana, br. m. (Honey) ..... 2 2 2  
Wilkes Brewer, ch. m. (Jamison) ..... 3 3 3  
Also ran: Ridgemark, Judge Jones.  
Time: 2:07, 2:06, 2:07.

**GREAT WESTERN RESULTS.**

OMAHA, Aug. 28. — Ben Earl, owned by Ed Peterson of Omaha, won the free-for-all pace in the second day's card of the Great Western circuit races yesterday, making a State record of 2:04 1/2 for the mile. Eddie T. owned by Beckwith, Aurora, Ill., was second, and Columbia Fire, third. Results:

Two-year-old trot: Ringen Silk, first; Dr. Nick, second; Toots Burke, third. Best time, 2:19.

Two-year-olds, pacing: Earlwin, first; Flower Furber, second; Della Warren, third. Best time, 2:24.

2:22 class, trot: Star Kay, first; Sable Rediac, second; Lady South, third. Best time, 2:19.

Three-year-olds, trot: Noble Aubrey, first; Alcolca, second; Fred C. Todd, third. Best time, 2:15.

**Western Players in Line for Final Play in Tennis Tourney**

FOREST HILLS, L. I., Aug. 28. — East vs. East and West vs. West will furnish today's features in the semi-finals in the national patriotic singles tournament at the courts of the West Side Tennis club here.

R. Norris Williams, the present singles champion, is scheduled to meet N. J. Williams, the Boston star, and Robert Lindley Murray, the southpaw demon of Niagara Falls, was expected to meet his most deadly opponent, John Strachan, the Pacific coast's newest star.

While Murray is a resident of Niagara Falls, he is a product of the California asphalt, having represented Palo Alto in several former tournaments.

Murray's opponent, who is admittedly dangerous, is not expected to eliminate him, and indications are Williams and Murray will go into the final match.

Murray, because of Williams' lack of practice this year, is expected to win the patriotic championship, which is as far as the national association is going in the matter of championships.

Neither Williams nor Murray had an easy time during the first round of the finals. Obstacles of the roughest kind were forced on Williams by young Harold Throckmorton, the boy from Elizabeth, N. J. Williams needed five sets to dispose of the youngest.

Murray was given a scare by Craig Ebbelle of Philadelphia in the fourth round.

N. J. Williams, Boston, defeated C. J. Griffith, San Francisco, 6-1, 6-3, 6-0.

R. L. Murray, Niagara Falls, defeated Craig Ebbelle, Philadelphia, 4-6, 6-1, 6-4, 6-2.

N. J. Williams, Boston, defeated H. A. Throckmorton, Elizabeth, N. J., 6-1, 4-6, 6-4, 6-0, 6-4.

John R. Strachan, San Francisco, defeated Charles S. Garland, Pittsburg, 6-1, 2-6, 6-2, 6-3.

Exhibition — Miss Mary Browne, Los Angeles, defeated Miss Molla Bjurstedt, New York, 6-2, 6-4.

**JOHNNY DUNDEE WINS.**

PHILADELPHIA, Aug. 28. — Johnny Dundee, the New York lightweight, easily outpointed Johnny Meeley of this city in six-round bout here last night.

Dundee had the better of every round boxer. Both men weighed less than 135 except the first, which went to the local pounds.

 504 Market st., S. F.; Douglas 649.

**JOINS WAR RANKS**  
**PETROGRAD, Aug. 23.**—The Rev. M. Spiridonov, famous from the Revolution of 1905, has joined the ranks of women champions of "war till victory."

Mile Spiridonov, a 19-year-old student of a secondary school, was so horrified by the flinging of Tamboff peasants by Assistant Governor Luzhenskiy, that she shot the oppressor dead. She was arrested, dragged from place to place in a cattle truck and tortured. The general officer who acted as jailer stripped her naked and held burning matches against her skin. Her case provoked international protest.

Mile Spiridonov has been in "katorga," the most terrible form of penal prison, and spent three years in chains. After her release by the revolution she lay ill in Tshita, East Siberia, the inhabitants of which invited her to become a candidate for election as mayor.

**BACK FROM TOUR**  
**VALLEJO, Aug. 23.**—Mr. and Mrs. Harry Harrison of Lowell, Mass., arrived in town Wednesday after a tour of the world, and are visiting at the home of Mr. and Mrs. L. E. L. in Market street.

The travelers left home on the 21st of last December for South Africa, and report that they had several thrilling experiences with submarines.

**Oakland Children Showing**  
**Great Interest in Famous**  
**"Poor Little Rich Girl"**  
**Matinee**

**LEASE FOR SHIP**  
**YARD IS SIGNED**

**MARTINEZ, Aug. 23.**—Final negotiations for the leasing of the Martinez waterfront to W. A. Boole and S. N. Griffith, Oakland capitalists, have been completed. Boole and Griffith have been offered a 40-year lease which gives him and the group of associates he represents a site for one of the Pacific coast's largest ship plants.

By the terms of the contract, Boole and his business partners will control the waterfront until September 1, 1927, with the exception of 150 feet north of the Southern Pacific tracks and 100 feet along the municipal wharf. This space is reserved for the city. The Standard Oil Company site is to be left as is.

In the lease terms Boole must begin work within 120 days. His work includes the filling in of the waterfront property within one year and a half's time; actual construction of two vessels of 3000 tons each, within a year and the expenditure of \$250,000 on improvements and equipment in five years. Reservations for sewers and mains are also provided in the lease.

Should Boole and the men he represents fail to meet the plan, running at all times a sum of \$1000 yearly is to be paid the city. Fifty men, as a minimum, must be kept at work, and a lapse of not longer than six months must not exist when actual work is under way on vessels.

The town board was unanimous. Four members voted for the lease and also called in favor of Mayor J. E. Colton's signature. The chief executive is out of town.

**WOULD DROP SEED**  
**PARIS, Aug. 23.**—It might have been thought that nothing remained to be attempted in aerial warfare, but the French aviation authorities are considering the possibility of throwing seeds of that troublesome weed, couch grass, (known to farmers as couch or witch) over the cultivated land in Germany.

It is asserted that it would be an easy matter to drop a ton of seed, or 500 pounds of the seed and let it fall on fields where corn, beet, or potatoes are planted and that, if a supply is not available, scientists would not take long to raise it in sufficient quantity to seed 1000 of the aeroplanes which France is expected to have in the next few months.

The possibility of dropping seeds of couch grass, or even germs of phylloxera is under consideration.

**SHOT AS A THIEF**  
**SALEM, Ore., Aug. 23.**—Fred Moore of Turner, Ore., near here, was shot and killed at a late hour last night by A. E. Bradley, a neighbor.

Bradley mounted a horse and rode at full speed to the Oregon penitentiary, where he gave himself up. He said he had caught Moore stealing grain from his neighbor. Bradley was turned over to Sheriff Needham and the case is being investigated.

# The War Capital as You Would See It Yourself

By DAVID M. CHURCH.

I. N. S. Staff Correspondent.

WASHINGTON, Aug. 22.—"Berlin Chief," says the headline in the noon edition.

Reading the headline the man in Washington wishes that he knew where he could get some lion meat.

Conservation of food is the subject of much official talk, but the average Washingtonian who has to lunch in town has no sympathy with conservation; he is too hungry.

They are starving to the hundreds right here in our own capital, every hour.

Europe may be hard pressed for food, but no more so than Washington is at the moment.

Washington has outgrown itself and there are not enough restaurants, lunch-rooms and cafes to feed the thousands and thousands who have been brought into this city by the war.

Defeated old admirals are seen rushing lunch counters in an attempt to get a ham sandwich. Warlike generals grab a seat in a "one-armed" restaurant. Every noon hour finds hundreds of uniformed soldiers and actually fighting for food.

Crowded eating places are filled every day. Seats in the better cafes are at a premium. More than one official has gone hungry because he has been unable to find a place where he could get served.

Even to the war Washington was an easy-going city. At the lunch hour there were sufficient restaurants to care for all those who desired to eat. But with

the outbreak of the war and a great increase in the city's population eating places have not been able to open rapidly enough to meet the demands.

With the increased demand for food there has come an increased demand for money from the food barons here. Prices in restaurants in Washington have swept on upward until they are almost at the breaking point.

Hotels have put aside their atmosphere of politeness and taken on an air of independence.

The average guest at the average hotel feels that he is receiving a great favor when he is served with a meal. He pays for a meal, too. For instance, an ordinary small portion of ice cream costs him 50 cents. Sliced peaches and cream cost him 60 cents, and even in the most obscure little restaurant you will find prices at least 50 per cent higher than in any other city.

The time-honored bean, which used to sell "a thousand on a plate" for a dime, has had dignity added to it, for even the "beaneries" are now charging 20 cents for a small portion of the famous fruit.

Lunch hour is the worst, for then thousands who have homes and families find it unusual to enter a hotel dining room. They find every eating place crowded. It is not unusual to enter a dining room at 8 in the evening and be informed the kitchen is closed because of the lack of foodstuffs.

Food may be a crying question in Berlin, but it is no more so than it is in our own national capital.

## SAFEGUARD GIRLS, ONE DEAD; TWO HURT BY AUTOS

NEW YORK, Aug. 23.—"Safeguard the girls" is the burden of scores of the Young Women's Christian Association at New York City. The National Board of the Y. W. C. A. is confronted with an immense responsibility for helping safeguard moral conditions and for providing for the women in special industries created by the unusual conditions of war.

A still further responsibility has been brought to them by cable from European countries asking for trained American women to help in the constructive programs for new life among women in Russia, France and England. Through the National Board, the Y. W. C. A. has assembled on its War Work Council a number of women known from ocean to ocean for their public spirited interest in all that affects a community.

Requests have come from a large number of the centers near which troops are being quartered for experienced workers and secretaries to work with local Y. W. C. A.'s in organizing the young women and girls of the various communities with a view to counteracting the very natural attraction which the uniform has for young girls. Admiration for uniforms is a weakness of the young women and girls who are being trained.

At various training and concentration camps trained secretaries of the Y. W. C. A. are on the spot gathering up all the resources of the community which can be made to serve the interests of the number of centers in centers where there are no large city exists. To these the Y. W. C. A. is giving special attention.

Hostess houses, where women relatives and friends of the soldiers may have a homelike place to meet their soldier friends, are being built.

WALLA WALLA, Wash., Aug. 23.—One man dead and a man and a woman badly injured in the hospital were the results of two auto accidents here. The first occurred when O. J. Osgood, aged 70 years, pioneer resident here, fell from the top step of a big auto truck and was run over by the rear wheel of the truck.

The truck was slowing up for him to alight, but he started too soon and lost his balance.

The second is reported by authorities to have been caused by an amateur woman driver, Miss Eunice Goodman, who was driving a high-powered automobile which she had borrowed from William Ewald, a friend. Accompanied by J. G. Gottlieb, she was making over sixty miles per hour on a country road when the car took down fifty feet of fence and stopped abruptly at the foot of a hill.

Internal injuries suffered by both, but no bones were broken.

The branch office of the TRIBUNE is located at 1422 San Pablo, next to the First National Bank Building. Building and advertising statements accepted here.

**BATTLES A FORD**  
**COLUMBUS, O., Aug. 23.**—"How the Rooster Held the Road" is the title of a new book by W. V. Townsend and Harry Willie, Columbus firemen, were "hivving" their way from Lancaster to this city, saw how the Rooster held the road here. And, moreover, the story is based on absolute truth.

W. V. Townsend and Harry Willie, Columbus firemen, were "hivving" their way from Lancaster to this city, saw how the Rooster held the road here. And, moreover, the story is based on absolute truth.

When the charter of the steamer Henry T. Scott expired, it will come to the Pacific coast again, and with a new name will be placed on the Alaska route out of Seattle. She has been purchased by the Alaska Steamship Company.

The power schooner Frolic has been purchased by the Pacific Fishing & Cannery Co. of Sonoma, Mexico, and is on her way to this port for overhauling. She will be used in the northern waters as a fishing craft. O. M. Conrad, president of the company, who is here from Ogunquit, Me., said that there is so much fish that they can fish the year around and find a good market. Captain W. J. Stillwell is master of the craft, and will take on a supply of fish here for the rest of the fishing fleet.

The four-masted schooner W. E. Burnham, which arrived here from the Atlantic coast last week, is now ready to sail after loading a cargo at Martinez. She is to go to the Pacific coast to unload ore, and from there to Roche Harbor for lime. She has been purchased by the Roche Harbor Lime Company. The schooner W. E. Burnham was used by the same people, is anchored near the Burnham, and will be towed to sea by the same tug boat some time tonight. They will return here with lime cargoes.
